DISCUSS TREATY NEXT TUESDAY

President Will Confer With Senate Committee at White House.

Washington, Aug. 15.—The peace treaty and the league of nations will be discussed by President Wilson and the senate foreign relations committee members at the White House next Tuesday. Fullest publicity will be given to the discussions under an assurance conveyed to Chairman Lodge today by the president.

NO SECRECY.

Responding to the committee's desire that no ban of secrecy or confidence be placed on the conference, the president wrote Senator Lodge that he was heartily in favor of letting the people of the country know everything that transpired. It was considered unlikely that the public would be admitted, but White House officials and members of the committee declared they would go to great length to have the details of the conversation made known.

Tuesday was set for the conference by the president after Senator Lodge had requested that no earlier date be selected because of the absence of some committee members from Washington.

RESERVATIONS.

Today the committee was prepared to make another effort to begin the task of considering amendments and reservations to the treaty. This subject was to have been taken up yesterday, but the entire session was occupied with discussing of the meeting at the president and calling of new witnesses. Five were summoned and the committee hearings probably will be re-opened next week after the White House conference.

The committee also desires more information about the disposition to be made of Germany's colonies, which under the treaty terms she merely turns over to the big five powers. Yesterday, by direction of the committee Chairman Lodge wrote the president for enlightenment on the subject. Some committee members contend that as the treaty stands the United States is left with a one-fifth interest in all the German overseas possessions.

The president's letter to Senator Lodge said:

"I have received your letter of yesterday and in reply hasten to express the hope that the senate committee on foreign relations will give me the pleasure of seeing them at the White House on Tuesday morning next, the 19th at 10 o'clock.

"I also welcome the suggestion of the committee that nothing said at the conference shall be regarded as confidential. In order that the committee may have a full and trustworthy record of what is said, I shall have a stenographer present, and take the liberty of suggesting that if you wish to bring one of the committee's stenographers with you, that would be entirely agreeable to me. The presence of the two stenographers would lighten the work.

"It will be most agreeable to me to have an opportunity to tell the committee anything that may be serviceable to them in their consideration of the treaty."

The meeting will take place in the Blue room of the White House and it was expected that the stenographic reports of the conversations would be taken in relays so that transcripts might be had for the press every few minutes.

STENOGRAPHIC RECORDS.

Stenographic records will be made of the conference between President Wilson and the senate foreign relations committee at the White House Tuesday for discussion of the peace treaty. Chairman Lodge was so informed in a letter from the president, made public today.

The president said he would have a stenographer present in order that the committee might have "a full and trustworthy record of what is said," and suggested that the committee also have a stenographer present. It was understood that the official transcript would be made public.

ARMY BLANKETS PLACED ON SALE

Washington, Aug. 15.—The war department offered for sale to the public today its surplus of wool, cotton and mixed fabric blankets, of which approximately 2,000,000 are now available for market. It was announced that instead of restricting the sale to bales in lots of 20 or 25 blankets, an individual may buy one or more blankets up to the limit of one bale.

In addition to distributing the blankets between sixteen designated sale centers, they will be made available to other communities through bulk sales to municipalities. The prices run from $6 for new all-wool blankets to $1.25 for reclaimed cotton blankets. The prices in bale lots are cheap.

5 OF EVERY 100 RE-ENLIST IN ARMY

Washington, Aug. 15.— The "first hundred thousand" of recruits have been secured for the permanent regular army, General March, chief of staff, announced today and of these more than 68,000 were re-enlistments. It is estimated that an average of five of every 100 men discharged from the temporary forces since the recruiting campaign began have decided to re-join the army.

ILLINOIS STATE FAIR OPENS TODAY

Springfield, Aug. 15.—Gates of the Illinois state fair swung open this morning on what officials said promises to be the biggest exposition in state annals.

Automobile races featuring Louis Disbrow and other "speed demons" are scheduled for tomorrow. In addition to the gas race program, if weather conditions are favorable tomorrow Lieutenant Ormer Locklear, will give an aerial circus in which he will change from one plane to another in mid air. Auto races will take place on Saturday, August 23, ending the fair.

Horse racing events are arranged for Aug. 18 to 22 inclusive from a number of states.

Among the bands at the fair this year will be the 71st regiment band of New York.

Wednesday of next week is Victory and Old Soldiers' Day when veterans of the civil war, Spanish-American and World wars will be admitted free to hear a program of addresses. Among the speakers announced are Clarendon E. Adams, commander in chief of the G. A. R., William Jones, commander in chief of the Spanish War veterans, and either Lieut. Col. Theodore Roosevelt, Jr., or Capt. Archie Roosevelt, representing the World war veterans. Governor Lowden will act as chairman of the meeting.

Every inch of exhibition space has been taken, according to B. M. Davison, general manager, and new barns were necessary to accommodate the live stock entries.

TEXAS DEMOCRATS TO ATTACK PARTY

Fort Worth, Tex., Aug. 15. — Two factions of Texas Democrats, dissatisfied with the present party organization, met Thursday and determined upon separate lines of attack to accomplish a return to "the principles of Jefferson and Jackson" in state and federal governmental affairs.

One faction headed by former Gov. Ferguson, left the present Democratic organization and formed the "American party" which it is purposed to make national before the next general elections.

The other faction, led by former Senator Bailey, laid down a declaration of principles to be followed in carrying the fight for party reconstruction to the regular Democratic state conventions.

Organizations were perfected at separate meetings. The only apparent difference in opinion between the factions was in regard to the methods to be used in attaining desired ends.

The platform adopted by the Bailey followers set down twelve principles, which favor an amendment to the federal constitution requiring; that all amendments to submitted directly to the people; declare for states rights; denounce "growing tendency" to regulate everything by law; oppose governmental ownership of railroads, but favor limited regulation; oppose monopoly and socialism; oppose permanent alliance with European countries politically, or engaging in European struggles for territorial aggrandizement.

Opposition to woman suffrage and national prohibition is expressed in the platform adopted by the American party, which also opposes ratification of the league of nations covenant until it is approved by the legislatures of three-fourths of the states.

CARNEGIE'S BODY AT SLEEPY HOLLOW

Tarrytown, N. Y., Aug. 15. — The body of Andrew Carnegie, steel magnate and philanthropist, was laid to rest at 5:30 p. m. Thursday on a hillside in historic Sleepy Hollow cemetery, overlooking the Hudson.

Only twenty-one persons, members of the dead iron master's family and a few close friends, accompanied the body to Sleepy Hollow.

The brief interment service was conducted by the Rev. William G. Merrill, pastor of the Brick Presbyterian church, New York.

Five minutes after the cortege arrived at the Carnegie lot, the iron master's remains had been placed in the $40,000 crypt constructed recently to receive his body and that of his wife.

A corps of private detectives had been stationed at the cemetery throughout the day to ward off photographers, souvenir hunters and the curious.

The plot in which Mr. Carnegie was buried is the largest and most costly in Sleepy Hollow cemetery. It overlooks both the Hudson and the Pocantico rivers and is but a short distance from the mausoleum of William Rockefeller and the plot of John D. Rockefeller. Nine hundred feet away lies the body of Washington Irving.

MILITARY MISSION TO LEAVE GERMANY

[By The Associated Press.]

Berlin, Thursday, Aug. 14. — The United States military mission assigned to Germany after the armistice and which has had its headquarters in Berlin will leave for home early in September.

FORD WINS IN LIBEL SUIT

Jury Awards Auto Maker Six Cents Damages Against Chicago Paper.

Mount Clemens, Mich., Aug. 15.—Henry Ford was awarded six cents damages by a jury last night in his $1,000,000 libel suit against the Chicago Tribune for calling him an anarchist.

JURY OUT TEN HOURS.

The end of the great suit, which began three months ago, was welcomed by the lawyers and spectators. The jury had been out ten hours when word was sent to Judge Tucker that a verdict had been decided upon.

TOOK NINE BALOTS.

Orvy Hulett, forman of the jury, said that they took "nine ballots that I can remember." The frist one, according to Leonard Monsol, another juror, said that the first ballot stood eight to four in favor of awarding Mr. Ford some damages.

"Does the award of six cents about express the feelings of the jury as to the case?" a reporter asked Mr. Hulett.

"It just about does. That expresses our judgment."

SAYS FORD IS VINDICATED.

Atty. Alfred J. Murphy, for Mr. Ford, said:

"The important issue in this case has been determined favorably to the plaintiff. He has been vindicated.

"Money damages were entirely subordinate and were not sought by Mr. Ford. He stands not only vindicated, but his attitude as an American citizen has been justified after a trial which raised every issue against him which ingenuity and research could present. His friends are entirely satisfied."

TRIBUNE LAWYER'S ATTITUDE.

Weymouth Kirkland, of counsel for the Tribune said:

"We consider it a victory for the reason that Atty. Alfred Lucking, in closing for Mr. Ford, stated that any thing less than substantial damages would be a defeat for his client."

Mr. Ford was not in court when the verdict was returned.

RESTITUTION OF SHANTUNG PLEDGED

Time Required Depends on Attitude of China.

[By The Associated Press.]

Tokio, Tuesday, Aug. 13.—Restitution to China by Japan of those parts of Shantung province, including Kiao-Chau, now occupied by Japanese forces will be made without unnecessary delay, but the time required will be dependant upon the attitude of China, said Takashi Hara, Japanese premier, today in answer to a question as to when actual restoration would take place.

The premier in answering the query of the Associated Press made the following statement:

PREMIER'S STATEMENT.

"My colleague, Viscount Uchida minister of foreign affairs, issued a statement on Aug. 2 in explanation of our policy respecting the Shantung question. That statement represents the considered opinion of this government and I have little to add in dealing with the same subject.

(Viscount Uchida in his statement which was referred to by the premier, said that Japan was willing to restore Shantung to China and would enter into negotiations with the Pekin government as soon as possible after the Versailles treaty should be ratified by Japan).

"The question is often asked as to when Japan will return Kiao-Chau to China. I would point out in reply that for the restitution of Kiao-Chau detailed arrangements should be worked out before hand in common accord before the Japanese and Chinese governments and that the length of time required for such arrangements depends largely upon the attitude of China. In any case, we fully realize that it is as much in our own interests as in the interests of China to accelerate the conclusion of all needed arrangements and to effect without unnecessary delay the restitution of leased territory which we have solemnly undertaken.

ANTI-JAPANESE FEELING.

Premier Hara and high officials of the Japanese government discussed frankly with the correspondent what was called the "wave of anti-Japanese feeling" in America. They were plainly disturbed by reliable reports received here showing uneasiness as to Japan's attitude relative to Shantung as one cause for the sentiment of discontent among the friends of Japan but felt Japan's repeated assurances as to restitution with the premier's statement to the Associated Press today should clear the air and prevent any deplorable misunderstanding.

It is frankly admitted here that Japan's so-called militarism is responsible for much uneasiness abroad. The opinion is expressed that foreign critics who call Japan the "Germany of the Far East," neglect to take into consideration in the internal and historic reasons which led the Japanese people to venerate the army and navy.

PEORIA STRIKE TROUBLE WANES

Peoria, Aug. 15.—Officials of the Keystone Steel and Wire company, whose plant at South Bartonville, five miles from here, has been the scene of a six weeks' strike that culminated Wednesday night in the shooting of five persons, met with a committee of representatives of striking employes this morning at the city hall. The conference, out of which was expected to come an agreement that would result in the company's 1,100 employes returning to work the first of next week, was arranged after a series of meetings yesterday of a self-appointed arbitration committee composed of Adjutant General Frank S. Dickson, state adjutant general; other state militia officers, and E. N. Woodruff, mayor of Peoria, with committees representing both sides.

NO GUARDS ON DUTY.

The approximately 1,000 members of the Tenth regiment, Illinois national guard and of the Second battalion, Seventh regiment, Illinois reserve militia, ordered here Wednesday night after guerilla warfare at the steel and wire plants had gotten beyond the sheriff's control, remained at their armories in Peoria last night.

All remained quiet at the plants. One hundred and twenty-five strike-breakers imported from Chicago returned to that city late yesterday, leaving the plant unprotected from fire.

ALL SHOPMEN BACK TO WORK

Chicago, Aug. 15.—Striking shopmen of the Federated Railway crafts decided to return to work tomorrow morning at 8 o'clock. It was announced today. The decision to call the strike off was reached after a stormy nine-hour meeting which ended last night, but the hour for returning was not fixed, being left to the international leaders to decide. The strike was called on Aug. 1 by officers of the Chicago district council, which action was disapproved by the international officers.

NEW CAR STRIKE IN PITTSBURGH

Pittsburgh, Pa., Aug. 15.—For the second time in less than four months, Pittsburgh found itself in the grip of a street car strike today. Trolley traffic ceased at midnight last night when a strike of 3,000 motormen and conductors of the Pittsburgh railways company went into effect.

The car men declare they will remain idle until the receivers of the company yield to their demands for a twelve cent an hour increase in wages, while the receivers aver that they will abide by the recent decision of the war labor board granting the men an increase of slightly more than five cents an hour.

EAST ST. LOUIS STRIKE.

East St. Louis, Aug. 14.—Motormen and conductors of the East St. Louis and Suburban Railway company, and subsidiary lines went on strike today, tying up street car service and in thirteen nearby cities and towns.

RIOTING IN PENNSYLVANIA.

Butler, Pa., Aug. 15.—Rioting broke out today among striking workmen at the Standard Steel Car plant here and because of the threatening situation, troopers of the state constabulary were summoned. This is the tenth day of the strike and the first that any disturbance has developed.

STRIKE STOPS OHIO INTERURBANS

Columbus, O., Aug. 15.—Service over practically every division of the Ohio Electric interurban railway operating throughout Ohio and eastern Indiana, came to a complete halt this morning when 500 train men went on strike demanding an increase in wages. According to an announcement of the superintendent's office here, the company will not endeavor to run cars pending a settlement.

FRUIT AUCTION MEN INDICTED

Cleveland, O., Aug. 15.—A secret indictment charging violation of the Valentine anti-trust law, was returned today by the special Cuyahoga county grand jury investigating Cleveland food conditions, against William E. Bigalow, Harry J. Bigalow and Albert C. Blair officials of the Consolidated Fruit Auction company of this city.

WOULD RATIFY TREATY WITH RESERVATIONS

Washington, Aug. 15.—More than twenty Republican senators are ready to stand for quick ratification of the peace treaty with reservations, Democratic leaders in the senate were informed today by leaders of the Republican group of reservation advocates.

ABOUT 30 G. O. P. IN LINE.

Republicans favoring reservations said a poll disclosed that upwards of thirty senators of their party would support reservations along the general lines laid down by the seven Republicans if the treaty could be brought promptly out of committee and ratified on that basis.

Although Senator Hitchcock, Nebraska, the administration leader, still disclaimed any part in the negotiations for a settlement, it was apparent that the move had reached proportions which might threaten the plans of the committee for calling additional witnesses and prolonging consideration of the treaty.

Senator Hitchcock had an appointment to see President Wilson at the White House late today and was expected to lay before him the whole senate situation, especially as regards prompt committee action. The administration leader declined to say whether he would suggest a change in the announced stand of the administration against reservations.

USE PHONOGRAPHS IN NEXT CAMPAIGN

New York, Aug. 15.—Phonographs will be used by both the Republican and Democratic parties in the approaching presidential campaign, it is announced, the plan embracing a program which will permit the residents of small towns and remote hamlets to hear the speeches of eminent orators at the same time that the records are released in the large cities.

The phonographic campaign will be opened on Sept. 1, when records containing utterances by Attorney General Palmer, speaker for the Democrats, and others registering the speech of United States Senator Lodge, voicing the sentiments of the Republicans, will be released. These speeches will be released at clubs, societies, headquarters, churches noonday meetings and in the homes of the party workers.

Following the release of the speeches of Attorney General Palmer and Senator Lodge, other records will be distributed monthly and it is expected that the meeting places and homes throughout the country will fairly echo and re-echo with the words of the orators as conveyed by means of talking machines. The extent of the part which phonographs may play in the campaign can be estimated by the statement that two manufacturers of the machines are known to have more than 2,000,000 phonographs in use in the United States.

Among the speakers scheduled for phonographic oratory by the Democratic National committee are President Wilson, Secretary of War Baker, Secretary of the Navy Daniels, former Secretary of the Treasury McAdoo and William J. Bryan.

Former President Taft, Major General Wood, Elihu Root, Chauncey M. Depew and United States Senators Johnson and Borah are on the list of speakers chosen for talking machine oratory by the Republican National committee.

AUSTRIA MUST DELIVER BELA KUN

Geneva, Thursday, Aug. 14.—The allied governments have informed the Austrian government that it will be held responsible for Bela Kun, the Hungarian communist leader, and for his delivery later for trial by an allied tribunal, according to a dispatch from Innsbruck.

Bela Kuhn, it is added will be tried for hanging and shooting Hungarians during his reign in Budapest.

Extradition will be resisted by Bela Kun, it is said, it being added that he desires to go to the United States, taking with him the money his wife and he carried out of Budapest.

RIOT INSURANCE OF $10,110,000

Chicago, Aug. 15.— The Cleveland Railways company has taken out an insurance policy here, said to be the largest ever written, for $10,110,000 against "riot and civil commotion," it became known here today. The premium was $87,110.

Insurance agents here stated that "riot and civil commotion" policies are being sought by large industries.

ANOTHER DROP IN GERMAN EXCHANGE

Berne, Thursday, Aug. 14.—German exchange fell today below thirty francs per one hundred marks for the first time in history. The decrease is due, according to German newspapers, to heavy exports of German values to Switzerland. It is said that from 60,000,000 to 70,000,000 marks are reaching Switzerland daily.

LABOR CRISIS IN NEW YORK

New York, Aug. 15.— More industries are affected by strikes now going on or threatened in this city than ever before in the history of labor unions, according to figures compiled by labor leaders and made public today.

Besides the actors and railroad shopmen those now on strike in New York include painters, plasterers, machinists, carpenters, shopmen of the Brooklyn Union Gas company, cigarmakers, brassworkers, shirtmakers, furriers, brass bed maker, umbrella and art lamp workers.

120,000 CIGARMAKERS OUT.

Although it has attracted little attention the cigarmakers is the largest numerically. According to union estimates, 120,000 cigarmakers are on strike.

Some of the strikes threatened are by interborough car men and shopmen workers in the entire building trades, workers in the entire clothing, industry, postal clerk and letter carriers, teamsters, rag pickers and mattress workers.

A nation-wide building strike, taking 1,500,000 men out of work was threatened in a statement issued yesterday by twenty-seven international heads of labor unions. The trouble is the outgrowth of charges that building contractors employ non-union labor.

REPUDIATE ONE BIG UNION.

Seattle, Wash., Aug. 15.— The one big union plan was repudiated by the executive committee of the Washington State Federation of Labor here early today after a meeting which lasted from early Thursday. This action forestalls a proposed referendum vote of the workers on the proposition.

REED'S LOGIC ON HIGH COST LIVING

Washington, Aug. 15.—High cost of living is the result of operation of fundamental and immutable laws and lower living costs will come, to a large degree, only from operation of these natural laws, Senator Reed Democrat, of Missouri, declared in an address in the Senate today.

MANY PROPOSALS ARTIFICIAL.

Many of the remedies being proposed to reduce living costs, Senator Reed asserted are futile because they are artificial and designed to disturb operation of natural economic tendencies. Increase in production the Missouri senator declared, would be the greatest factor toward reducing prices.

"There are two great principles in economics and finances which cannot be disregarded and which no amount of legislation can effectively control," said Mr. Reed. "First, whenever the demand for any great necessary materially exceeds the supply, increase in price is inevitable. Conversely when the supply exceeds the demand, a decrease in price follows. The latter condition may be temporarily effected by combinations artificially withholding the supply and controlling the market. But no combination of men and no decree of government have ever been able to transmute a deficiency into plenty or to remove the natural longings for a necessary article which cannot be obtained.

TOO MUCH MONEY CIRCULATING

"Second, a radical increase in the number of dollars in circulation results in a decrease in the purchasing power of the dollar.

"Any device, plan or scheme, therefore which have a tendency to lessen production to discourage enterprise or to arrest industry, will instead of bringing lower prices, increase present excessive prices by under-production."

PROVISION PRICES TAKE A TUMBLE

Chicago, Aug. 15.—With the seizure yesterday of 1,292 tubs of butter, $3,330 pounds valued at $50,000, in the government's first Chicago drive to combat the cost of living, prices of all commodities on the board of trade and foodstuffs handled in the produce market took exciting tumbles.

The reason advanced for the collapse in values of grains and provisions was the rapid development of government measures to decrease the cost of food.

A further decline of 25 cents a bushel in the cheapest grades of early Ohio potatoes, a 25 cent drop in the price of cabbage, and a falling off in the price of yellow onions occurred in the vegetable market. Prices of green corn, peaches, lemons and watermelons also were on the decline, while beets, carrots and oranges advanced slightly.

NO MORE RAIDS PLANNED.

Chicago, Aug. 15.—Action against food hoarders and profiteers have ceased on the part of government officials here until the return of United States District Attorney Clyne from Washington, his assistant, R. A. Mallory stated today.

Hundreds of letters are reaching the federal officials, it was stated, many containing grocery bills, complaining of the prices charged by grocers and butchers.

WILSON AGAIN VETOES DAYLIGHT SAVING REPEAL

President Says He Appreciates Inconvenience to Farmers, But Action Is Forced.

Washington, Aug. 15.—President Wilson today vetoed the bill repealing the daylight saving law.

ACTS WITH RELUCTANCE.

The president said he returned the bill without his approval with "the utmost reluctance" because he realized "the very considerable and in some respects very serious inconveniences to which the daylight saving law subjects the farmers of the country."

Declaring the pressing need of the country was for production by industry, the president said he had been obliged to "balance one set to disadvantage against another" and decide which was the more serious for the country.

The president's message was sent to Speaker Gillett, but when an effort was made to present it to the house, Representative Blanton, Democrat, Texas, made a point of no quorum and the house adjourned without the message being read.

SECOND TIME.

This was the second time the president has vetoed repeal of the law by which the clocks are set forward an hour on the last Sunday in March and turned back an hour the last Sunday in October. The first veto was several weeks ago, the repeal being attached as a rider to the annual agricultural appropriation bill.

SETS PRECEDENT.

White House officials and members of congress could not recall today a previous instance of a president having twice vetoed the same bill.

Efforts to pass the agricultural measure over the veto failed in the house and then the separate house repeal bill then pending was passed by the senate. Leaders in congress doubt that the two-thirds' vote necessary to pass the repeal measure over the presidents' head can be obtained.

The president's message vetoing the bill follows:

"To the House of Representatives:

WILSON'S NOTE.

"I return this bill H. R. 3854, 'an act for the repeal of the daylight saving law,' without my signature, but do so with the utmost reluctance. I realize the very considerable and in some respects very serious inconveniences to which the daylight saving law subjects the farmers of the country, to whom we owe the greatest consideration, and who have distinguished themselves during these recent years of war and want by patriotic endeavors worthy of all praise. But I have been obliged to balance one set of disadvantages against another and to venture a judgment as to which were the more serious for the country.

"The immediate and pressing need of the country is production, increased and increasing production in all lines of industry. The disorganization and dislocation caused by the war have told nowhere so heavily as at the industrial centers—in manufacture and in many industries to which the country and the whole world must look to supply needs which cannot be ignored or postponed. It is to these that the daylight saving law is of most service. It ministers to economy and to efficiency. And the interest of the farmer is not in all respects separated from these interests. He needs what the factories produce along with the rest of the world. He is profited by the prosperity which their success brings about. His own life and methods are more easily adjusted. I venture to think, than those of the manufacturer and the merchant.

"These are considerations which had led me to withhold my signature from this repeal. I hope that they are considerations which will appeal to the thoughtful judgment of the house and in the long run to the thoughtful judgment of the farmers of the country, who have always shown an admirable public spirit."

DIVISION OF THRACE PROBLEM

[By The Associated Press.]

Paris, Thursday, Aug. 14.—The supreme council of the peace conference is industriously studying various plans suggested for a division of Thrace in such a manner as to be acceptable to Greece and Bulgaria, as well as England and France, which are vitally interested in the disposition to be made of European Turkey.

Uncertainty as to what country will receive the mandate of Constantinople and surrounding territory complicates the situation almost hopelessly, as interested powers are striving to protect their own interests regardless of who gets Constantinople. Italy and Greece apparently have reached an understanding so that the United States stands virtually alone in supporting Bulgaria's claim for an outlet to the Aegean sea. The Bulgarians assert that only by giving them such an outlet another Balkan war can be avoided.

MANY PLANS.

A dozen different plans for the dividing and disposing of Thrace have been considered during the last week, but the one most likely to be accepted as a compromise, although opposed by Greece, contemplates an internationalized zone extending from the Bulgarian border to Dedeagatch, on the Aegean sea. Western Thrace would go to Greece and she would also be given a strip eastward from Dedeagatch extending from the Aegean to the Black sea, including the port of Midia. The territory immediately about Constantinople would go to the country receiving the mandate there. This internationalized zone would be under the administration of the league of nations.

This plan violates the rights of majorities and separates districts to be given to Greece, but it is apparently impossible to reach an agreement on any plan which would make this region less of a crazy quilt. The plan gives Adrianople to Greece, which is regarded as unsatisfactory, as that city is considered sacred by the Mohammedans. There is a great difference of opinion regarding the exact size of the proposed nationalized zone and new suggestions are offered at every meeting of the council.

OFFICIALS TALK OF MEXICAN WARNING

Washington, Aug. 15.—The state department's latest note to Mexico warning President Carranza that if murders and indignities of American citizens continue the United States may be forced to adopt a radical change in attitude toward that country, was the chief topic of interest and discussion today in official and diplomatic circles here.

AN ULTIMATUM.

The note, made public late yesterday along with a reply from the Mexican government, lacked only diplomatic technicalities to make it an ultimatum and was couched in probably the strongest language used in any communication between the two republics since the exchanges just prior to the occupation of Vera Cruz by American armed forces.

While no official statement was made concerning the announcement at this time of the change of policy it generally was the opinion today that pressure from foreign governments and demands in congressional circles for some protective action hastened the announcement.

U. S ARMY PREPARED.

It was pointed out that should some drastic step become necessary the United States from a military point of view now is in better shape to act than at any time in its history of long drawn-out controversy with the Mexican nation as to American rights and privileges.

The note was presented to the Carranza government at Mexico City by Charge Summerlin of the American embassy, acting in the absence of Mr Fletcher. The reply was made July 28 by Salvador Diego Fernandez, in charge of the department of foreign relations.

MEXICAN DENIALS.

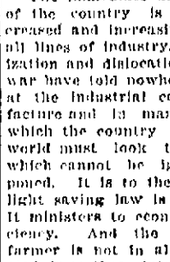

Washington, Aug. 15.—Denials of reports that the Carranza garrison at Chihuahua City had munitied with the intention of going over to the Villa forces, was made in a statement today by the Mexican embassy

HOP-ON-RAPPS

Miss Hez Hop-on, a teacher in the Taylorville schools and Oliver Bates of Owaneco were married here yesterday afternoon

MINER IN TROUBLE

The spirit of unrest among some of the miners broke out yesterday at the No. 7 mine at Kincaid and as a result J. Bazzo is in the county jail pending a hearing on Aug. 18 on a charge of making threats.

The trouble came after a meeting, in which a vote to strike was successful by a vote of 155 to 150. After some discussion the men who voted against the strike decided to return to work this morning and asked the sheriff for protection which was furnished.

But two other mines on the Taylorville subdistrict are out. These two are located in Nokomis. The men who have been urging a strike come from the Springfield and Belleville districts but the unable to make headway in the two places done. Other unions refused to allow the speakers to appear.

Household Fashions

HOW TO PACK UP A PICNIC

BY BIDDY BYE.

The fore-handed housewife who has learned the joy and protection of an emergency shelf in her pantry, is the sort of housewife who will be glad to add the "picnic shelf" to her conveniences.

Every well-conducted family has or should have the picnic habit—in such aggravated form that the fever for a picnic is liable to break out only an hour or two before the happy event itself—too late for preparations unless the luncheon material is on hand and easily assembled.

Therefore the "picnic shelf" it should be kept stocked all the time, replenished after each outing, and kept sacred to its particular purpose.

The picnic shelf should contain.

Two or more cans each of salmon, tuna fish sardines, potted ham, chicken, corned beef

Jars of peanut butter.

Bottle of salad dressing

Boxes of salted pinin and sweet wafers

Small jars or cheese, marmalade, and jelly or jam

Wooden plates and trays, paper cups, napkins and tablecloth, tin forks and spoons, long-handled tomatine fork, long handled spoon, pail with fitted cover, salt and matches in screw top glass jars.

A supply of empty boxes of different size rolls of waxed and plain paper. Also there is a little list of picnic necessities kept on the shelf, to be checked over each time a picnic basket is packed as insurance that nothing important has been forgotten.

For picnics where salad is to be served put each individual paper fily cup, lined with waxed paper. Cover the tops of the cups with oiled paper and set them upright. When the lunch is unpacked the salads may be slipped out of the cups on to plates and the clean cups will be ready for the beverage served.

Prepare the lemonade at home and carry in a screw-top fruit jar ready to fix at the picnic. Allow the juice of ½ lemon and 1 tablespoonful of sugar for each glassful of "ade" to be made.

A good way to carry cake to a picnic is to bake it in a loaf in a single meant tin, putting on the icing without removing the cake from the pan and later serving it directly from the pan

In packing sandwiches wrap two, of different kind, in each square of oiled paper. Wring a clean cloth out of ice water and lay on the bottom of the pasteboard box, on top of the oiled paper. Lay the sandwiches on the damp cloth, cover with another dampened cloth and wax paper, and wrap with heavy paper. Leave out three or four extra sandwiches for the children who are sure to be hungry before lunch time.

If father or brother will consent to carry a pail, a handy refrigerator may be taken right along to the picnic with ice, and cold food thus assured, Jars of salad, fresh fruit, lemonade, etc., may be set in the bottom of a deep pail, and over them a colander containing chunks of ice and covered with cloth or paper. Put a lid on the pail, and there you are.

I just heard of a new way to bake potatoes in the campfire—guaranteed to be delicious. Wash each potato and wrap it in double or triple thickness of wet newspaper. Bury the potatoes in hot coals and ashes and let them bake three quarters of an hour—when done they can be poked out of their newspaper jackets cooked and clean

WILL TEACH IN DECATUR SCHOOLS

Mt. Pulaski, Aug. 15 – Mt. Pulaski friends are glad to hear that Mrs Cora Ryman, widow of Captain H. D. Ryman, the first Logan county man to be killed in France had been given a school to teach in Decatur. Mrs Ryman recently received a medal that was awarded to the captain for distinguished service in France

NINE PANA YOUTHS ENLIST IN ARMY

Pana, Aug. 15 - Nine young men from Pana and surrounding towns have enlisted for one year in the quartermaster corps. They are now at Jefferson Barracks. They are Raymond R. Wright, Pana, John H. Greenlee, Dewey Crocker, Ray Lockwood, Pana; Louis H. Barclift, Ross W. Morrison, Tower Hill; James O. Hilliard, Glenn E. Harding, Herrick, and Julius Rout, of Pana.

LOWDEN TO TALK.

The coal miners were paid off yesterday instead of today, the usual pay day, because today is "Soldiers' day" at the chautauqua and every one wants to hear Governor Frank O. Lowden's address in the afternoon. None of the mines will work tomorrow and the business men will close their stores. A record breaking day is expected. A fish fry is to be given for the returned soldiers at 4:30 p.m. Besides the address by Governor Lowden, there will be one given by Col. Coulter, a veteran of three wars, Goodman's band will play and the DeMille quartet will give selections.

The new Gem theater is undergoing some improvements.

Two Ford autos collided at Locust and Second streets last night, smashing one of the cars considerably.

PERSONALS.

Harold Scheer, who has been in the army, and stationed in a Texas camp for some time has received his honorable discharge and returned home.

Leo Condon is here visiting his father, James Condon.

Mrs. Oscar Fry and son Glenn, of Gillespie are here visiting her sister, Mrs. Fore and Mrs. Sam Wagoner.

Mrs. Clyde Baldwin, who has been a patient in the Huber Memorial hospital for the last few months, is expected to return to the home of her sister, Mrs. Herbert Gohm, next week.

Mr. and Mr. O. L. Price of Oconee, were visitors here today.

Austin Hendricks was here from Oconee yesterday.

Merle Husted returned to Rockford after a few days' visit here.

The Johnson Concert company, who were to have appeared here yesterday at the chautauqua, missed connections and failed to arrive. The board succeeded in getting some home talent for the evening entertainment.

FEATHERS ON FLYAWAY GOWN

BY BETTY BROWN.

The vogue for ostrich trimming is revived this season with renewed fervor. Only yesterday I saw a most charming dinner dress in electric blue taffeta with its skirt much dotted with three-inch circles of puffed silk, each outlined with a fluffy pin-wheel effect in blue ostrich flues. And on this delectable evening frock sketched for Fashion Art the delicate ostrich flues foam prettily at the girdle of rosy chiffon and cascade to the skirt's hem

MT. AUBURN FLIER DOWNED SIX HUNS

Mt. Auburn, Aug. 15.—Lieut. Price E. Cross, one of the aces of the American flying corps and family have arrived here from Minneola, L. I., for a visit with the former's parents, Rev. and Mrs. John Cross. He is on a 15-day furlough, and at the expiration of which he will go to Camp Grant for formal discharge.

Lieut. Cross first entered the officers' training camp at Ft. Benjamin Harrison, near Indianapolis. He was there but a short time until he was transferred to the flying corps, and was sent to Toronto, Can., where he trained with the Royal flying corps. After he had completed his course of instructions there, he was sent to a flying field in Texas as an instructor. He was here but a short time till he was sent overseas.

He was in active service on the fighting front 120 days and was officially credited with destroying six enemy planes. On Nov. 11, the day the armistice was signed, he was detailed as a messenger, carrying sealed dispatches, when engine trouble compelled him to make a landing, under very unfavorable conditions, which resulted in a crash. He received severe injuries to his face, eye, ear, hip and foot, and has been receiving treatment at different hospitals in the east for the last few months.

After the armistice was signed, Lieut. Cross was detailed with others to cover the devastated districts of France, Belgium and Italy, to gather data, from which the peace commission would decide the amount of indemnity the Germans would have to pay. He was later attached to the legal department of the peace commission and was present at many of the sessions of that body. During the past three weeks he has been flying for the government in the interest of recruiting. He has a number of decorations and citations from the United States and foreign governments, but of these he has very little to say. He delivered the evening sermon at the Christian church last Sunday evening, filling the pulpit to his father's place. Before Lieut. Cross entered the service he was pastor of a church in Ohio and he and his father for several years did evangelistic work together.

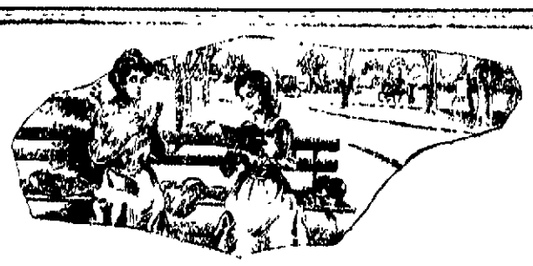

Alkali in Soap Bad for the Hair

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulsified cocoanut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified cocoanut oil shampoo at any pharmacy; it's very cheap, and a few ounces will supply every member of the family for months.

Lazy Life During Hot Months Causes Lazy Liver

AT no other time is the girl so constant a companion of her mother as when she is emerging into womanhood. There are so many questions to ask; so much she needs to know.

And school is over. Hers is now a lazy, inactive, carefree life. No wonder she is not always as lively and as well as she should be at her age. Let the mother inquire if the bowels are functioning properly, for there lies the base of good and poor health.

It will usually be found that a laxative is needed, and none will give safer and quicker relief than Dr. Caldwell's Syrup Pepsin which is just a combination of simple laxative herbs with pepsin. Taken tonight, it acts freely and pleasantly in the morning. The head is again clear, the body light. There is renewed interest in life.

A dose of Syrup Pepsin now and then is almost a necessity for everyone in hot weather. A bottle can be bought at any drug store for 50c and $1, the latter being the family size, or a free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

SHE SUFFERED FIVE YEARS

Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Key West, Fla.—"For five years I suffered from irregularities, with terrible pains and an awful weakness in my back. The doctor gave me different medicines but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it."—Mrs. J. M. Camus, 726 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their forty years experience in advising women on this subject is at your service.

Saturday—A Day of Many and Varied Attractions For Week-End Shoppers

There's Nothing You Can do Tomorrow More Important than to Buy Furs in The

August Fur Sale

At risk of growing tiresome by repeating, we must say—

Buy Furs now, for a month or two hence will bring prices materially higher than they are at the present.

It's the soundest advice we can give, in face of existing conditions.

And Save 15%

from present regular prices by buying your winter furs during the August Sale.

This means an additional saving, for even with the same reduction from regular prices later on, you would probably be paying more than you would now, regularly, because of advancing costs.

Pay A Fifth Now

and you may have any fur garment reserved for you, and may pay the balance in convenient deferred payments, the last one due in November.

This is an easy way to take advantage of the sale prices without the necessity of paying the entire amount at once.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Hitro-Phosphate to Put On Flesh, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

When one stops to consider the host of thin people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of sunken hollows, the rounding off of protruding angles with the attendant bloom of health and attractiveness, it is no wonder that many and varied suggestions along this line appear from time to time in public print.

While excessive thinness might be attributed to various dual subtle causes in different individuals, it is a well-known fact that the lack of sufficient phosphorous in the human system is very largely responsible for this condition. Experiments on humans and animals by many scientists have demonstrated beyond question of doubt that a diet deficient in phosphorous becomes nervous, sickly and thin. A noted author and professor in his book, "Chemistry and Food Nutrition," published in 1918, says: "* * * That the amount of phosphorous required for the normal nutrition of man is seriously underestimated in many of our standard text books."

It seems to be well established that this deficiency in phosphorous may now be met by the use of an organic phosphate known throughout English speaking countries as Hitro-Phosphate. Through the assimilation of this phosphate by the nerve tissue the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nerve tension disappears, vigor and strength replace weakness and lack of energy, and the whole body soon loses its ugly hollows and abrupt angles, becoming enveloped in the glow of perfect health and beauty and the will and strength to be up and doing. It is sold by the Decatur Drug Company in Decatur and all good druggists.

CAUTION:—While Hitro-Phosphate is unsurpassed for the relief of nervousness, indigestion, etc., those fatter ones who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

CENTRAL ILLINOIS IS WITHOUT SUGAR

Decatur Grocers Selling in Two Pound Lots.

OTHER CITIES SHORT

Sprinfield Jobber Telephones for Help.

When many of the Decatur retail grocers put a limit of two pounds per person on sugar Friday morning there were questions of "Why" asked immediately. As usual the question was put up to The Review. A wholesale grocer, the men who gets the sugar first in Decatur was asked why." He said:

"I haven't a pound of sugar in the house. I don't know when I am going to get any. I may get a car tomorrow. A car of sugar will last not more than a day with us. It contains from 400 to 500 bags and when we distribute that each grocer gets only a small amount.

OTHER CITIES OUT.

"I understand other jobbers are like us, no sugar. I had a call from Springfield early this morning asking if Decatur could send some sugar there as the city was without sugar. The Springfield man told me he had already been in touch with Bloomington and Danville and found they did not have any sugar.

"Chicago jobbers may have some sugar for their Chicago customers, but I was in touch with Chicago and they have no sugar for re-sale to the jobbers here. The situation was brought about by the seamen's strike which was recently ended. No raw sugar was coming into this country. Several refineries were forced to close down.

60 DAY SHORTAGE.

"Now the strike is ended and the ships are on their way to the sugar countries. They have not yet reurned with their cargoes of raw sugar. When that sugar reaches this country the supply will be greater.

"Beet sugar is not yet on the market. They just starting to grind and the full beet sugar crop will not be ready for 30 days yet. Then it will take 30 more days for the beet sugar to be distributed over the country. It looks like it would be between 30 and 60 days before the raw sugar can be refined and placed on the market after the boats begin to arrive which seems clear that it will be 60 days yet before the sugar supply of this country is back to normal."

A man came into The Review office and said that he had left Springfield Thursday and that sugar could be bought there in any amount. He also said that that it could be bought in Peoria in any amount up to 100 pounds. He had attempted to buy sugar in Decatur and was limited to two pounds. He said he had fruit at home to be canned but could not get the sugar.

ON SELLING COST.

This same wholesaler was asked as to the controversy over figuring profit on the selling cost of an article or the cost price and he replied that a business man always figures his profit from the selling cost as he has not profit until the article is sold and that cost of the article, cost of doing business and net profit all must come from the selling cost."

Church

Westminster M. S.

The Missionary society of the Westminster Presbyterian church met Thursday afternoon with Mrs. George Graybill, 1505 West Forest. The program was in charge of young women from the Christian Endeavor society. Refreshments were served after the following program was given:

Vocal solo—"God Remembers When the World Forgets"—Miss Bell.

Reading—"The Story of Patsy"—Geneva Tucker.

"Talks on China"—Miss Henrietta Graybill, Miss Selma Wasson and Miss Fulton.

Mission Circle.

The Mission Circle of the East Park Baptist church met Thursday afternoon in the home of Mrs. S. N. Nowell, 2049 East Main. Fifteen women were present. Mrs. Stoddard, the president, opened the meeting. The devotions were led by Mrs. Nowell, Mrs. Eugenia Reese had charge of the lesson on "Africa." Delilah Nowell gave a reading and Mrs. Roy Reynolds a piano solo.

Elect Officers.

The Ladies' Aid society of the Trinity Methodist church elected the following officers for the coming year at a meeting in Fairview park Thursday afternoon:

President—Miss Mary Mattes.

Vice president—Mrs. Annie Niedermeyer.

Secretary—Mrs. Barbara Ammann.

Treasurer—Mrs. Henry Wencke.

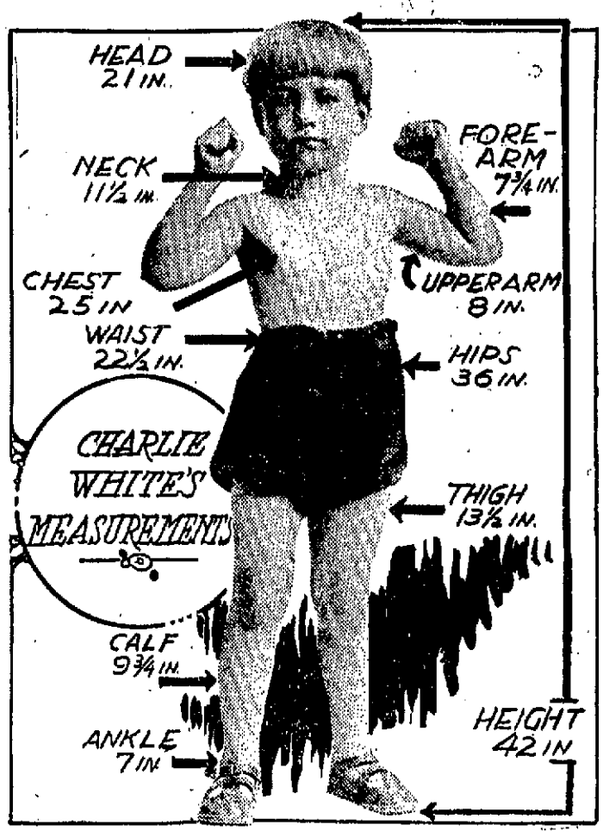

Following the business meeting the women joined in with the Sunday school picnic and had supper at the park.

The next meeting of the society will be held the first Thursday in September in the home of Mrs. Paul Haupt.

Ten Round Draw.

BABY ATHLETE TELLS BOYS AND GIRLS HOW TO BE HEALTHY AND STURDY

STRONGEST FOUR-YEAR-OLD

Charlie White at four years of age weighs 50 pounds. He can lift over his head a 10-pound bar bell with either hand 15 times. With both hands he can lift a 25-pound bar bell to the same height.

At three months Charlie could stand alone. At eleven months he lifted a scuttle of coal weighing 25 pounds—equal to his weight. At two years he could swing from a horizontal bar with one hand.

When Charlie was 2 years and 4 months he could raise and lower a 0-pound weight five times, and could chin himself on a broomstick held by his father.

Read Charlie White's story, starting in next Saturday's Review. There are six little stories about Charlie and a picture of him with each one, showing how he does the exercises that have made him the strongest little four-year-old boy in America.

BRICK ARRIVING FOR JUNIOR HIGH

Cement Held Up By Strike Also Comes.

The cream colored face brick for the junior high school building has arrived and is being delivered on the ground. The brick were shipped from St. Louis and were understood to be on the road when the Wabash strike took place. It is probable that they were delayed from this cause. They are the first brick to appear in the walls and no brick laying could be done till their arrival. They will be used for the interior of the basement. The cars were set at the Grand avenue crossing of the Illinois Central spur only about two blocks from the school building and the haul is therefore a short one.

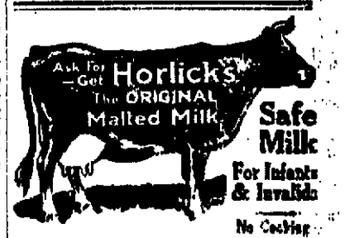

The cement which was also on the road during the strike has arrived and is being delivered. The common building brick from the local brick company are also being delivered, and lumber is being hauled to the building site.

The brick laying will get under way next week as will the concrete footings for the wings. This latter work is being done by the board of education. In making the excavation in the old alley which has been vacated it has been necessary to change a gas main and other pipes.

GIANTS COME BACK BY WINNING TWO

Reds Fight Hard and Several Put Out.

New York Aug 15 The New York Giants made a strong come-back here Thursday winning both games of a double header from the Cincinnati Reds.

The first game was a pitchers' battle between Toney and Ring, won by the Giants in the fourteenth inning by a score of to 1. The second game was a walkover for New York the Giants winning by a score of 9 to 3.

CUT LEAD

As a result of the double New York victory Cincinnati's lead was cut to 1½ games, the same as when the series began. The teams play two more games today.

Cold, threatening weather and New York's double reverse Wednesday held down the crowd to 12 000

The first game was keenly contested in the first nine innings Ring permitted only four hits, while the only run scored on him was unearned. He began to weaken toward the finish, as New York opened both the twelfth and thirteenth with hits before winning in the fourteenth

BURNS SCORES WINNING RUN

Burns opened the last inning with a single and on the hit and run going went out on a short fly to ... after Doyle, batting for Frisch was purposely passed, Ring's only ... on balls Chase then got an infield hit past Ring, the wet infield slowing up the ball and Burns scored the winning run

The Giants were the first to score getting a run in the fifth inning Kauff singled with one out and advanced to third on Zimmerman's double Kauff came home on McCarty's short fly to Neale and would have been retired at the plate had not Wingo dropped the ball Umpire O'Day who had called Kauff out then reversed his decision

THE SCORE

Cincinnati tied the score in the sixth inning when Daubert sent an infield hit to Frisch and scored on Roush's triple over Young's head The hitting of Roush, who got a triple and three singles and the fielding of Frisch the former Fordham player featured

New York got off to an early lead in the second game pounding Bressler for two runs in the first inning Luque the Cuban proved just as easy as the Giants got to him for six more runs in the next two innings

PLAYERS IN LIMELIGHT

Benton started off as the New York pitcher, but was put off the field in the third inning by Umpire Quigley after attacking Rariden

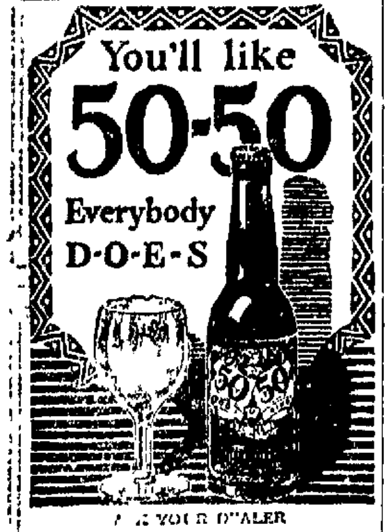

The Giants accused Luque of pitching a bean ball and there had been some hot words Benton's ... to Luque on a squeeze play In making the putout Luque Jabbed Benton with the ball and Benton took several punches at the Cuban Most of the other players got involved and Rariden and ... Smith a Cincinnati utility man wrestled around the field

BENTON PUT OUT

After order was restored Benton was put out of the game for starting the wrangle Douglas, who pitched the second game yesterday took Benton's place and held the Reds to nine hits in six innings

Capt Fletcher of the Giants was put out of the game in the seventh inning after an argument with Umpire O'Day

Young made two doubles and four singles in the two games

Pat Moran Says: "We'll Do Our Best"

BY FRED TURBYVILLE.

When I asked Pat Moran Cincinnati manager what he thought about it—the National League race—he said

"We'll do our best"

And that is the limit of his boasting And neither will any man on the team boast The Reds, however, are not lacking in the old fighting spirit even though they do not boast of what they'll do as the Giants take pleasure in doing

One of the Giants said the Reds were lucky—that they'd won a lot of games they had no business in winning That dope hardly stands up The Reds have won their games because they have played bangup ball from the start of the season They've been lucky in one respect—they've had no bad slumps Maybe they'll go on through the season without a slump and if they do they will indeed be lucky for seldom does a team play through a season without hitting a slump, either of batters or pitchers or both

And if they do have a serious slump—good night to pennant aspirations for the Reds haven't the reserve strength to pull them up Right now Pat Moran is badly in need of an outfielder He is using Rube Bressler in the outfield when he'd rather have him in the box. Sherwood Magee isn't in shape to play the outfield regularly Rube is a nice outfielder, though and hitting too

The Cincinnati team all around is a corker The pitching staff is perhaps the best in the league even though it is a small one The Giants have ten able flingers

The Giants have had all the best of assistance They got Frank Snyder, a corking catcher, from the Cards, and Phil Douglass, a first class slabman from the Cubs. Looks as though the rest of the league wanted the Giants to win.

Not so the fans and baseball writers. They're pulling for the Reds in several cities I heard the Pittsburgh stands applaud the Reds generously. And when the Reds beat the Pirates six in a row there was consolation in knowing it was helping them to the fore

Of course, Pat Moran had most of his team when he took the job at Cincinnati but just the same he should be credited with the great work he has done Pat has worked wonders with the pitching staff He has two able catchers in Ivy Wingo and Bill Rariden—probably the best staff in the circuit

The players like the veteran manager and there is harmony in the lineup of the Reds Rousch Neale and Bressler are working their heads off in the outfield in their efforts to rob opposing batters of hits The infield—Daubert, Rath, Kopf and Groh—is playing a beautiful game

As long as Eller, Reuther, Sallee, Luque, Ring and Mitchell keep in form it looks like a race to the finish with the Giants

SADORUS LOSES TO STALEYS, 6-5

Arrangements Complete For Trip to Indianapolis Sunday

The Staley ball club went out to Sadorus Saturday and picked up another scalp ... a team being the victims 6 to 5 ... about the first game Sadorus had lost this season Both teams were credited with an unusual number of errors because of the condition of the grounds

All arrangements have now been completed for the big trip to Indianapolis Sunday, where the starch workers meet the Nordyke-Marmons Lambrecht is scheduled for the mound job for the day while Oettel will be on the job too. Word from Avery McClain was that he would be discharged and home from the army in time to make the trip Sunday and Manager McGinnity also has lines out for another pitcher-first baseman

Undeniably the Handsomest Fall Styles Ever Created

For Young Men

THE more young men who come in to see them, the more convinced we are that the style designers of the House of Kuppenheimer and other makers, from whom we buy, have surpassed all their previous efforts.

—Fashion details are entirely different from those of other seasons, yet in strict harmony with good taste and refinement.

—Belters--half and full belt ideas that will strike a responsive chord with every young man who sees them.

—Slimly modeled waists, high chests and shoulders that give a military set-up. Longer skirted coats, soft fronts, both single and double breasted.

—Woolens as fine as ever came from any loom, in the rich dark blues and browns that set the style pace for the new season.

—Tailoring custom-like in every stitch; fit that can only be had from master craftsmen.

—Intensified values at the price you want to pay:

$35, $40, $45, $50, $60 and $75

I treat all diseases of men—all Skin Diseases — all Blood Diseases—Piles and Rectal Diseases—Bladder and Kidney Diseases — and all Urinary Troubles.

I want you to feel that you can come to my office and tell me your troubles, knowing that every thing you say will be kept sacredly confidential. It is always best to see me just as soon as you notice the first symptoms, the longer you put it off, the longer it will take to cure it. If you have had some ailment or weakness for a long time and have tried very hard to find a cure and failed, do not let that discourage you. Frequently a patient will think that his trouble is incurable, because he has failed to find a cure. Don't give up, let me make a careful and scientific examination FREE of charge All diseases of a chronic or private nature, all forms of skin diseases, all newly required diseases, the diseases you so much dislike to see your family physician about. I have been making these diseases my specialty for the past twenty-one years, my office is thoroughly equipped with all modern and scientific methods, as I find them necessary to successfully treat these diseases of which I make a specialty.

Young man, come to my office, have a little private talk with me and you will be surprised with the amount of good advice I can give you. You may not need any treatment, just a little good advice, you can come to me just as freely and just as welcome as though you needed treatment and it costs you nothing.

Middle aged men, come, let me advise you about those little troubles you have discovered in recent years, some of those troubles which are the result of improper treatment in your younger days.

Old men, let me prolong your life, let me cure that bladder trouble, or that weakness you begin to notice so much in recent years. Let me show you what modern and scientific methods will do.

CHAN POWERS IN CHAMPION FORM

Breaks 120 Straight Targets in Tourney.

BEST SCORE OF DAY

Is Called Greatest Amateur Wing Shot.

Chicago, Aug 15.—"Chan" Powers, the Decatur, Ill., crack shot, long considered one of the greatest if not the greatest amateur wing shot that ever pulled a trigger, carried off his full share of the honors yesterday at the South Shore Country club traps when in the Grand American Handicap classification competition he broke 120 straight targets It was the best score of the day

There were four classes in the shoot which was at 16 yards the A big field was entered in each Powers starting with the A class.

Great shot that he is, the Decatur star had to do his best to win as in the race of 100 "birds" Dave Pausk, of Worthington Minn, the latter never before heralded as a master of the game, finished upsides with him, each breaking 100 cleanly In the shoot-off however, Powers' experience told and he coolly smashed 20 straight targets to 19 for his rival

NAVAL OFFICER STARS.

Lieut. Commander F. C. Williams of the U. S Navy showed the big crowd that he, too could knock-em-dead a la 'Chan' Powers The naval officer started in B class and after finishing in a tie will H C Meents of Ashkum, Ill., each breaking 99 of the possible century, he went straight in the shoot off scoring 20 to his opponent's 18

Lieut. Commander Williams scored a double triumph, as late in the Army-Navy shoot he tied with Captain Tracy Lewis of the U. S Army, each breaking 99 and then kept the Navy in the ascendancy by beating Captain Lewis in the shoot-off, 20 to 19. The army officer failed on his seventeenth "bird" after barely dusting it

In the C class division E C. Wheeler of Bawbuska, Okla., carried off the honors with a score of 98, while in D class D. C Hayward of Weyauwega, Wis., and I C. Harris won he shoot-off, 20 to 18.

TITLE TO MRS. WINKLER.

Mrs A H. Winkler of Chicago crowned herself with glory by capturing the women's championship from a large field with the clever score of 90 out of 100 at 16 yards

Mrs C. E. Grant of Los Angeles finished second with 87.

The team race between the East and the West was won by the East after a close battle with a score of 962 to 960.

The feature of the great tournament, the greatest ever held in the world—the Grand American Handicap—proper will be contested today It will mark the close of the shooting

JOHNSON CENTER OF CONTROVERSY

American League Directors Taking Action.

New York, Aug. 15.—On today's schedule in the American league controversy between President Ban Johnson and the New York club was the continuation of the court referee's hearing at which Mr Johnson was called to explain his alleged financial interests in the Cleveland club The head of the league also was called upon to defend his action in suspending Pitcher Carl Mays, whose purchase from the Boston club by the New York club, was the cause of the fight being waged by the Yankees' owner against Johnson's powers as head of the league

In the supreme court he was asked to show cause why the injunction forbidding him to interfere with the Yankees should not be made permanent.

MAYS MAY PLAY.

The suspension of Pitcher Mays by Johnson was overruled by the board of directors of the league Thursday. The board also served notice that Johnson would be forbidden hereafter to take any similar action toward any player in the American league without a hearing.

The board of directors decided further to demand a full accounting for the sinking fund of the American league Unless this accounting is made to Charles Comiskey, chairman of the board, within what is considered a reasonable time it is declared that the board will take such action as it may deem appropriate.

JOHNSON PROTESTS.

Before the meeting was called to order a letter was received from President Johnson forbidding members to meet and declaring anything they might do would have no significance Johnson quoted from the league's constitution in support of his contention that he alone possessed the right to suspend a player.

MORE THAN 100 IN AMATEUR TOURNEY

Pittsburgh, Pa., Aug 15.—More than 100 of America's leading golfers, including several former champions are in Pittsburgh today preparing for the first qualifying round of the twenty-third United States amateur championship tournament, which will be staged Saturday on the Oakmont Country club course Francis Ouimet of Boston a former champion, and Robert Gardner, twice amateur champion, played the course shortly after their arrival here yesterday Charles "Chick" Evans the present titleholder, is expected to arrive today

The 36-hole qualifying journey for the 64 high scorers of Saturday will be played Monday, with match play opening Tuesday and the final round on the program for next Saturday.

G. G. RUPERT MAKES GOOD SCORE

Breaks 190 out of 200 targets in Chicago shoot.

G. G. Rupert of Decatur was high man of the Decatur men shooting over the traps in Chicago Tuesday, breaking 190 out of a possible 200 targets. All the Decatur men are said to be shooting well and will remain till the close of the shoot.

Browns Buy Two.

Joplin, Mo., Aug 15—Pat Collins catcher, and Rolla Mapel, pitcher, for the Joplin Western league club, have been sold to the St Louis American league club, according to word received here today.

STALEY SPECIAL TO FLY BIG BANNERS

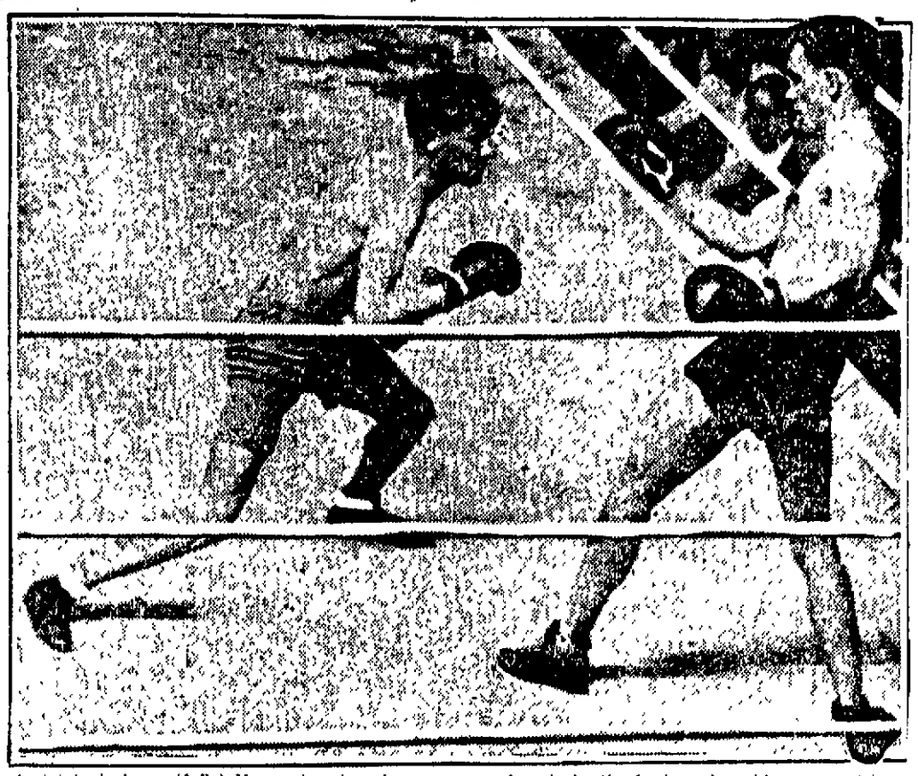

Permission Received to Parade in Indianapolis Next Sunday.

The "artists" at the Staley Manufacturing Co are making long streamer banners to be attached to the cars of the special team in which the ball team will go to Indianapolis Sunday. The streamer to go on the first coach will be lettered "Staley Baseball Team," and the other coaches will bear the legend "Staley Rooters."

Official permission to parade in the Indiana capital city next Sunday has been received and with the Goodman band at the head the Staley crowd is expecting to show the Hoosiers something in baseball enthusiasm.

Dave Hunt is also taking along a colored quartet to add to the music on the trip

Wilde and Moore In London Ring

Certainly looks as if Pal Moore, American bantam, was a few shades the fresher when this picture of him and the English flyweight, Jimmy Wilde, was taken. It was snapped after the fighters had gone two-thirds of the distance and Wilde is preparing to lead with his left. Wilde's face shows evidence of having undergone a great strain. The accounts of the fight convinced American ring bugs that Moore had the best of the going at all times, but the British referee's decision went to Wilde. The fight was staged in London, July 17.

PRAISE GOOD ROADS IN DEWITT

Clinton, Aug. 15—Clintonia township this year has roads that are bringing in the compliments of the owners of automobiles who are constantly using the roads Seven carloads of oil have been applied by Commissioner Charles Morrison and a total of twelve or thirteen cars will be used during the summer

The last improvement extending into Texas township, where William Querfeld did the grading, was the Weldon Spring road, and this road will be in excellent condition for the Weldon Springs chautauqua. It asked whether the job done by Mr Querfeld on this road was satisfactory or not, the majority of people would say that the work was better than that on the state aid roads. Oil was applied yesterday on the roads as far as the turn east toward Weldon Springs park and the efforts of Superintendent Melvin Tuggle and Commissioner Charles Morrison were extended yesterday to secure the remainder of the oil needed for this road.

About Town

"THERE is no danger of this country becoming militaristic said a buyer for one of the Decatur stores who recently returned from New York.

"The returned doughboy who is seen on the streets of the big city in the east shows that the military respect calling for salutes to all the superior officers does not last when the private gets his discharge.

"In fact, the attitude of the discharged man is quite the other way. Not exactly disrespectful but he strolls along the street with his hands in his pockets looking his old commanding officers straight in the eyes without a motion toward a salute."

"The American citizen doesn't seem to acquire that German subserviency to official red tape which is so pronounced in Europe and which is, to a certain extent, maintained by military rules and discipline in the service of all armies."

HOW smudgy the atmosphere is in a soft coal town is shown in a very convincing way by the difference in the color of the cream tinted terra cotta on the outside of the Lincoln Square building where the painters have washed it with soap and water within the past few days.

As the painters used paint brushes to do the washing passersby supposed they were painting the terra cotta which, however, they were simply cleaning. Compared to the unwashed part the cleaned portion appears to have received a coat of cream colored paint.

Ten Years Ago Today In Decatur

AUGUST 15, 1909.

The local order of Eagles held a picnic at Salt Creek. Special I. T. S. cars were chartered to take them to the place.

It was the tenth anniversary of the first game of golf in Decatur. It was played by leading society folks in Johns' pasture.

R. C. Augusthne, Dr Oscar Yarnell and Harry Cowling of Decatur, were three of the five petitioners to ask the comptroller of currency permission to open a national bank at Blue Mound.

Ed March was harvesting about 125 bushels of peaches from twenty-nine trees in the corner of his orchard.

TWENTY YEARS AGO TODAY.

Harry J. Parks, Wabash middle division time-keeper, left for Philadelphia to become chief clerk for W. A. Garrett of Philadelphia and Wheeling.

The cornerstone of the new Cumberland Presbytorian church at Mt. Zion, was laid by the Illinois Grand Lodge Masons. Owen Scott delivered an address.

Secretary Harry Patterson announced the program for the Y. M. C. A. lecture course. Among the attraction were Leland Powers, John Thomas Concert company and the Katherine Ridgway company.

The College Hill ball team was defeated by a team from Ivesdale, 19 to 9.

GENERAL WAVE OF GREAT UNREST

Henry Clows, New York financier in his weekly letter says:

"The great wave of unrest which is sweeping over Europe and the United States, in fact over the entire world, is of course highly complex and based upon new conceptions regarding our social, political and economic systems. Unfortunately there is a flood abroad of unsound and impracticable ideas, which must either be tried out or combated by counter-arguments in the field of discussion. This situation has been intensely aggravated by five years of bitter war strain.

Nations like individuals have become weary, nervous and irritable, and the people are impatient and too often quite incapable of thinking soberly. High cost of living is the common grievance, and opinions differ strenuously as to causes.

"It is altogether too easily overlooked that many millions of men turned their energies from productive to destructive purposes, with the inevitable result of creating a huge void in the supply of practically all the common necessities of life.

For scarcity and consequent high prices, the one and the only relief is an increase in production to lessen the scarcity which exists. No government regulation has ever been devised that can restore the normal so surely, and so easily as the unfettered operation of natural law.

"Under ordinary circumstances high prices would stimulate production; but at present they do not, because labor leaders are teaching their followers to produce less goods and charge higher wages; a process that hinders, not helps the situation, and materially aggravates the high cost of living. To a very considerable degree the solution of the problem lies with labor itself. Shorter hours and higher wages create nothing but a vicious circle forming a sort of profiteering which is more injurious to labor than the profiteering of capital.

"At present the labor movement is degenerating into a class movement whereby first one class and then another successfully imposes its demands upon all other classes. Some strong public leadership is sorely needed to restore the world to sane, sound, economic thinking, for American democracy cannot thrive under such class dictatorship. The labor profiteer and the capitalistic profiteer are one of spirit and purpose; they differ in method only."

PETER Gets A Treasure

BY THE STORY LADY.

Ever since Peter could remember a crusty old man with a wart on his nose had lived in a little old brown two-roomed house just across the alley. He hated boys and built a high board fence all around his lot. But the cross old man's married daughter decided that he was too old to live alone so she made him come and live with her. Before he moved he nailed everything down tight and though the boys had often rummaged they had never found anything interesting.

The place grew up to weeds and looked very lonely and deserted and Peter had made up a story about seeing a ghost and told it so often that he really believed it himself and so did the rest of the boys. The result was that the boys didn't go around Old Wart's place and when by chance the ball flew over the tall board fence they always had to draw lots to see who would go after it.

Therefore it was with great surprise that on this Saturday afternoon when Peter was to receive a reward for being good a whole week that he followed Papa around to Old Wart's front gate.

He was still further surprised when he found Hal and Mr. Henshaw and Corny and Mr. Jones and Billy and his Dad. The boys all looked puzzled and the men all looked highly pleased.

Papa unlocked the gate with a flourish and handed Hal the key.

"Boys," he said, 'Mr. Ramsey decided to sell his place and we have bought it. We are going to turn it over to you boys and we hope it will keep you busy and out of mischief for a long time. If you will pitch in and work like little toweheads and clean the weeds away from the place we will make you a concrete swimmin' hole under that big elm tree. You can have your ball diamond on the other side of the house and use the house for place to keep your gimcrake.

The boys stood speechless. A whole house and lot to do with as they pleased and a swimmin' hole to boot!

"What are you grinning about Peter?" asked Papa.

"Did Ol' Wart know what you was goin' to do with it?

"No, I think not. We dealt through a real estate firm. Why?"

"Jiminy! Wouldn't he cuss if he could see us kids runnin' around over his place. Boys let's ask him over.

200 BANKERS AT BIG CHICKEN FRY

Judge Cochran and Orn A. Chaplin Give Addresses.

With more than 200 persons attending the joint chicken fry of the Macon and Moultrie county bankers associations at Woodbine Thursday afternoon and evening was an unqualified success.

Judge W. G. Cochran of Sullivan made a talk in which he told much of the earlier experiences of banking life in this part of the country and Ora A. Chapin, secretary of the Mississippi Valley Banking association came from Chicago to address the bankers on the future business of the great country between the Alleghanies and the Rockies.

Mr. Chapin spoke particularly of the movement which is being fostered by the bankers of the valley to establish direct business connections with foreign countries so that the foreign business of this part of the country need not go through New York.

MEET IN MAROA FOR ORGANIZATION

County Will Be Ready to Push Farm Bureau Campaign.

The organization of the county for the drive by the Macon county farm bureau for new members is being pushed rapidly forward and a meeting will be held at Maroa in the town hall tonight when the workers who will canvass Austin, Maroa and Friends Crook townships will be organized.

At Macon Thursday night committees were formed to start when the general drive is made. John C. Rainey, chairman of the membership committee, Sidney B. Smith, county agent, and others made short talks.

SEVERAL WILL GO TO PHILADELPHIA

National Conclave of Commandery to Be Held Sept. 6.

It is expected that a number of Decatur knights will attend the national conclave of the Commandery which is to be held at Philadelphia, beginning Sept. 6.

Arthur Murray commander of Bonnemanoir of Decatur, has sent out special cards asking that all of the Decatur men who expect to make the trip to notify him at once.

It is planned to have a special sleeper which will carry the Decatur and Springfield knights over the Wabash by way of Detroit and Buffalo to the national meeting.

THE ILLINOIS STATE FAIR
Begins at Springfield Today

Lieutenant Ormer Locklear and his Air Circus will feature the program tomorrow. There will also be automobile races by world-famous drivers. Locklear changes from one plane to another in mid-air and his two assistants illustrate war maneuvers in two planes.

Next Week's Program is full of Big Events.

A great horse racing meet will last all week; there will be daily airplane flights; Happy Hollow fun and frolic and a Horse Show every night and the greatest collection of exhibits ever shown. Wednesday will be given over to a celebration of Victory and Old Soldiers' Day.

It's going to be the Greatest State Fair on Records.

Springfield is prepared to accommodate all visitors comfortably. Special attention given automobile parties in the Tented City near the grounds and at parking sites outside the gate.

COLONIAL FRUIT PUNCH

You have never tasted a more delicious drink or one more wholesome. Of course not everyone will like ANY drink, but if you can imagine the flavor of many fruits—fresh, ripe and luscious—blended in syrup form—and concentrated so that three parts of water must be added to one part of syrup—then you will be prepared for the delightful reality of Colonial Fruit Punch.

Good for children and grown-ups, too. Suitable for serving at receptions, parties and church functions. Also makes a delicious frozen sherbet.

REFUSED $490 ACRE FOR ARCOLA LAND

Farmer Spurns Profit of $40,000.

Arcola, Aug. 15.—L. R. Edgar this week refused an offer of $490 per acre for his 200-acre farm adjoining Arcola on the south. He bought the place only a few months ago, paying $300 per acre and the sale at the prices offered would have made him a profit of almost $40,000.

Steve Munson, farmer and grain dealer, of Kemp, has purchased the John Wingler farm in that vicinity paying $100 per acre. This is the first Dowdre township farm to sell at that price.

AIR TANK BURSTS.

One of the compressed air tanks in the Arcola Motor Co.'s garage burst Wednesday morning with a report that was heard all over the city. A workman turned on the apparatus that feeds it and then forgot to turn it off. The pressure caused the tank to burst and it hurled itself through a partition and knocked a hole in the roof of the building. Several workmen were in the same room but all escaped injury.

MRS. KEMP DEAD.

A message received here Monday brought news of the death of Mrs. George Kemp, a former resident who passed away at her home in Los Angeles, Cal., Saturday. Funeral services were held Tuesday and the burial was in Los Angeles.

Before her marriage Mrs. Kemp was Miss Callie Sala and she was born and reared in this vicinity. Eight years ago she suffered a stroke of apoplexy and had been in poor health most of the time since.

BARN BURNS.

Lightning caused a fire which destroyed a large barn on one of the farms of Moll Crews during a storm Wednesday morning. The barn was filled with hay and straw. The loss is $3,000. Mr. Crews had insurance amounting to $1,000 on the building and $200 on the contents.

Fifteen years ago a barn located on the same spot was burned to the ground after being struck by lightning.

Reuben Sulter and Miss May Bond were married Saturday evening at the home of E. M. Mulliken in Humbolt and will make their home on a farm in Humbolt township.

The bridegroom is a son of Mr. and Mrs. J. B. Sulter. He was formerly a student in the Arcola high school. The bride is a daughter of W. E. Bond, of Loxa, and graduated from the Charleston high school with the class of 1918.

CLINTON MAN TO RETURN TO FRANCE

Clinton, Aug. 15.—Louis Allen, son of Mr. and Mrs. W. H. Allen, who has just reached home after nearly two year's service in France in the ambulance corps and the intelligence police, and who left a position as instructor in the U. of I. to enlist in the army, is completing his plans to return to France this autumn to resume his studies in the University of Paris, while Oscar Allen, another son, left yesterday for Plano, where he has been appointed superintendent of schools. He was in charge of the high school at the time of his enlistment for service.

Miss Nora Crang, a one-time well known resident of this city, now of St. Petersburg, Fla., and Leonard S. Dickerson, of Fennville, Mich., were married here Thursday. The couple left immediately for St. Louis and from there to Yellowstone Park and expect to spend the winter in St. Petersburg.

HARRIS-GATES.

In St. Louis Wednesday was celebrated the marriage of Miss Ruby Harris, who for the past two years has been making her home with her sister, Mrs. Albert McCormick, of this city, and Robert Gates, of Decatur.

During her residence in Clinton Miss Harris has been employed as bookkeeper in the laundry on East Washington street, while Mr. Gates is employed as yard clerk for the Wabash in Decatur, where the newlyweds will make their home.

AUTOS IN COLLISION.

This morning a collision of two automobiles did much damage to the Chevrolet which was driven by a mechanic of the Slick garage on his way to work, and a slighter damage to the Paige car operated by Tim Keating, a prominent farmer of Wapella. It is said by bystanders that witnessed the accident that neither car was going at a fast rate of speed but the accident occurred at the intersection of Washington and Center streets, a corner considered dangerous.

FRED MUSSON RETURNS.

Fred Musson and family have returned to Illinois from Bryan county, Ohio, where they have been living for two years and will probably locate in Clinton again. Mrs. Musson and children are in Springfield with her parents for a visit and Mr. Musson was in Clinton yesterday. Mr. Musson before going to Ohio was a salesman employed in a local garage.

GETS COACHING POSITION.

Edward Lonergan, son of Mrs. Josephine Lonergan, 623 West Main street, yesterday accepted a position as assistant director of athletics in St. Edward's Preparatory college, Huntington, W. Va., to report on Sept. 12. Edward is a graduate of the Clinton high school with the class of last spring and participated while in school in all forms of athletics.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo; the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

$1,278 ACRE FOR MONTICELLO LAND

Monticello, Aug. 15.—A jury in the county court awarded Charles P. Bryden the sum of $10,000 for ground which joins the city of Monticello on the south and containing 7.82 acres. This is a trifle more than $1,278.00 per acre. The condemnation proceedings were brought by the Board of Education of township high school district No. 168 and they propose to use this land and other land adjoining it as a site for the new township high school building to be erected in the near future.

The board and Mr. Bryden could not agree on the price and therefore this method was taken to secure the land as well as fix a price on it. Testimony of witnesses fixed the value all the way from $500 to $1,500 per acre. Indications are that there will be no appeal taken by either side.

PERSONALS.

Mrs. Flo J. Miller had as her guests this afternoon Mrs. Martha K. Baxter of Pawnee, Mrs. Helen Middlekauff of Springfield. Mrs. Inez J. Bonner of Decatur joined the party at Decatur and spent the afternoon here. All three of the ladies are past department presidents of the Woman's Relief Corps.

Mrs. Martha Williams of Astor, Fla., came Thursday to visit Mrs. L. M. Taylor. Mrs. Williams has been visiting relatives in Peoria.

Monticello was well represented at the Bement homecoming Wednesday and Thursday.

Mrs. Pearl Webb and four children of Clearwater, Knns., came Wednesday afternoon to visit her parents, Mr. and Mrs. Ira Miner.

Dr. Eric Gustafson is taking a vacation and visiting his parents at Storm Lake, Ia.

A sale of some of the household goods of Mrs. A. B. Tinder will be held Saturday afternoon.

Dr. J. D. Knott was called Wednesday to Champaign to see Dr. P. S. Replogle who is ill.

DECATUR TOURISTS ALL OVER COUNTRY

Many Out of City at Present on Trips.

AUTOMOBILE trips, whether they be long ones or short ones, seem to become more popular right along as the proper way to take a vacation. Decatur folks can be found in any direction over the country nowadays. While trips to the north are chosen by the majority of folks during the summer months, yet there are almost as many going eastward or westward.

H. C. Hill and family will leave Sunday morning for Indiana in their car. They will go first to The Shades, where they will spend Sunday night. Other places they will visit are Marion, Winchester, Newcastle and Muncie. They may go other places also, and may decide to go over to Ohio. They will be away probably two weeks.

The Hills have been at the Fishing club during the summer and on their return from their trip will go back to the Fishing club for the rest of the summer.

Mr. and Mrs. Frank Palmeyer and little daughter left last Sunday morning for a trip in their car. They expected to be gone about two weeks. When they left Decatur they were still undecided as to just where they would go, though they were planning to go either to Wisconsin or Michigan.

Dr. J. W. Sanders and wife, who drove up to Dowagiac, Mich., early this week, write that they are having a fine time and are catching lots of fish.

Mr. and Mrs. C. A. McMillen have returned from an automobile trip up to Rock Falls, where they visited Mr. McMillen's mother.

Mr. and Mrs. Luther Martin, who are on their way to the west, are having a fine trip. They have reached Kansas and are going on to Colorado now.

Mrs. G. W. Weyl has received word that her brother, Frank Cooper, and family, formerly of Maroa, who left here three weeks ago for the Rio Grande valley in Texas, have arrived at their destination after a delightful trip. Although they made no effort to make record time and stopped to hunt and fish along the way just as they pleased, yet they made the trip in one day less than two weeks, which is considered extremely good time. They encountered no rain or mud along the way. They camped most of the time dring their journey, stopping at hotels only occasionally.

A bunch of young folks had a picnic at the Fishing club Thursday evening. They went to the woods to eat their supper.

Mrs. C. C. Nicholson and family have returned from Mears, Mich., where they spent a month. Mr. Nicholson was up for two weeks.

About sixty-five people were out for the dinner-dance at the Country club Thursday evening.

Life's Lighter Hours

Guests at Party.

Amanda and Aimee Francis of the Anna B. Millikin home, were the guests of honor at a party given Tuesday afternoon by Mrs. H. W. Roy of Mattoon for the Merry Matrons club. The children have been spending several weeks with Mrs. Roy. The women of the club showered them with clothes and dolls and spent the afternoon in sewing for them.

Entertains.

Raymond McDaniel entertained twelve little boys Thursday afternoon at his home, 629 West Leafland avenue, in honor of his brother, Martin's seventh birthday. Martin received many useful presents. Refreshments of ice cream, cake, popcorn and apples were served at 6 o'clock. Miss Eleanor Gillispie assisted Mrs. McDaniel in serving.

O. B. Violet Club.

Mrs. O. B. Wyatt, 1612 North Water street, entertained twenty-two members of the O. B. Violet club in her home Thursday afternoon. Mrs. Leo Warren won the prize in the guessing contest. Refreshments of ice cream cake and iced tea were served by the hostess, assisted by Mrs. Fred Zimmerly, Mrs. Zetterland and Mrs. Wykoff.

Personal

Miss Maude V. Lyon of Minneapolis, founder and former owner of the Lyon business college, is the guest of Mrs. G. D. Steele. Miss Lyon, who sold out the college here and left Decatur four years ago, is now associated with the Northwestern business college at Minneapolis.

Mrs. George L. Tierney is spending the week-end in Chicago. She went up to that city Wednesday.

Mrs. B. F. Smeathers and daughter, Marjorie of 423 West King street, will leave Sunday on a two weeks' visit in Denver, Colorado Springs and Boulder.

Mrs. Helen Middlekauff and Mrs. Martha K. Baxter, both of Springfield, were in Decatur a short time Friday visiting Mrs. Inez J. Bender. They went to Monticello in the afternoon for a short visit.

Mr. and Mrs. D. A. McCullough, of Rochester, N. Y., who have been the guests of Mrs. Laura Bruce, 1575 North Edward street, for over a week, left Friday morning for California for an indefinite stay.

NEW ORDER SAVES AVIATION FIELD

Chanute Field, Rantoul, Aug. 15.—Chanute Field, will continue to recruit men for the balloon service and maintain some 500 men according to advices received here yesterday from the war department stating that previous orders regarding the movement of the soldiers to southern and western fields were temporarily rescinded.

A message received Monday from Washington stated that no more recruits for the air service were needed. Preparation were immediately made for the removal of the men to permanent fields in California and Texas.

The dispatches received Wednesday indicated that more men were needed for the balloon service and urged recruiting along that line. These men will be sent later to the balloon school at Omaha, Neb.

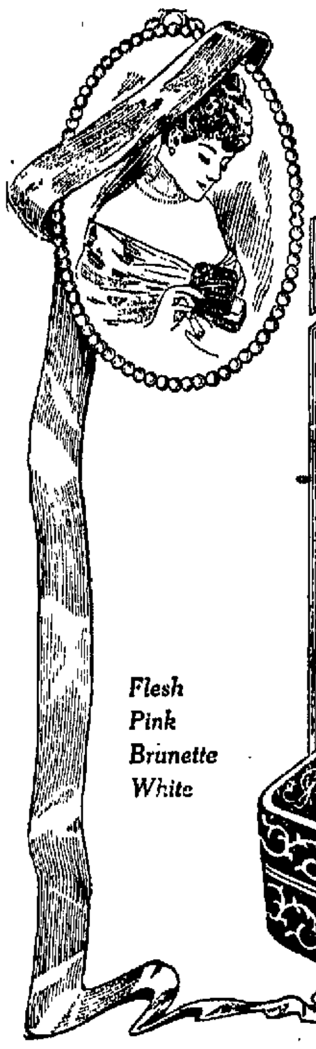

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

Hot Summer Sun Trying on the Complexion

How to Protect Your Skin and Bring Roses to Your Cheeks

A Free Oatmeal Prescription Does Its Work Overnight. You Can Prepare It at Home.

NEW YORK—Exposure to sun, dust and wind has a very bad effect upon the skin and complexion. There is a way to overcome this. "It is my own discovery and takes just one night to get such marvelous results," says Mae Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. "You can do the same thing if you follow my advice," she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands and arms. Until you try it you can form no idea of the marvelous change it will make in just one application. The prescription, which you can prepare at your own home, is as follows:

"Go to any grocery store and get ten cents worth of ordinary oatmeal, and from any drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend this method for a sallow skin, shiny nose, freckles, tan, sun spots, coarse pores, rough skin, ruddiness, wrinkles, and, in fact, every blemish the face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and unsightly the hands and arms or what abuses they have had through hard work and exposure to sun and wind, this oatmeal Derwillo combination will work a wonderful transformation in twelve hours at the most. Thousands who have used it report the same results I have had."

Miss O. C. says: "My complexion was poor and my skin rough. My neck, chest, hands and arms were dark from exposure. The very first application of this wonderful Derwillo-Oatmeal combination convinced me that my poor complexion and skin blemishes would soon be a thing of the past. In a few weeks all these unsightly defects had entirely disappeared and I shall always use it to keep my complexion at its best all the time. I have recommended it to my girl friends and they are just as enthusiastic over it as I am. We all use it before going to the theatre, dances or parties and it's wonderful what a difference it makes in our appearances."

Mrs. G. V. writes: "Oatmeal and Derwillo have worked miracles with my complexion. I had many despised wrinkles and a sallow, rough skin. My hands and arms were covered with freckles. After eight weeks' use of Mae Edna Wilder's wonderful complexion prescription these objectionable defects have entirely vanished. I look ten years younger and advise every girl and woman to try it and feel confident after one or two applications they will use it continually and be just as favorably impressed with it as I am. I recommend it to all of my friends."

NOTE—To get the very best effect be sure to follow the complete directions contained in every package of Derwillo. You have only to get Derwillo and oatmeal. You need nothing else, and it is so simple that any one can use it, and so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city under a money refund guarantee by department stores and all druggists, including the Decatur and the Bell drug companies.

BETTER THAN IN 25 YEARS

Mrs. Wells Had Almost Lost Hope — Gains Ten Pounds.

"Since taking Tanlac I am in better health than I have been for twenty-five years," said Mrs. B. Wells, who lives at 1126 Tenth street, Beloit, Wis., and who is at present visiting at 1163 Fifth street, Milwaukee, the other day.

"I will certainly praise Tanlac the rest of my days," continued Mrs. Wells, "for I honestly believe I would have been in my grave in a short while if I had not gotten hold of it. Why, I have spent enough money for treatment and medicine to buy a nice home, but instead of getting any relief, I just gradually got worse all the time. My stomach was in such terrible condition that I was afraid to eat anything on account of the awful suffering I would have to undergo afterwards. In fact I had reached the point where a cup of coffee and perhaps a cracker was about all I could eat, and even that would often cause me to suffer from indigestion and gas. I was nervous and hardly ever got a good night's sleep, and just kept going down hill until I only weighed about ninety-seven pounds. I was very blue over my condition for I really thought that nothing would ever do me any good.

"My family thought that a change might help me, so I came here to Milwaukee to stay a few weeks. Just as soon as I landed here, my brother-in-law told me about Tanlac and the great good it had done him, and I began taking Tanlac that very night. In a few weeks time I was feeling like a different person, and now since taking three or four bottles of this wonderful medicine I can eat three hearty meals every day and never suffer a particle afterwards. Why, I have actually gained ten pounds already and just feel fine all the time, I sleep like a baby every night, and feel refreshed and well every morning. I am so happy over the great good Tanlac has done me that I just want to tell the whole world about it."

Tanlac is sold in Decatur by Decatur Drug Company, in Blue Mound by W. R. Graham, and in Maroa by Smelz-Hobbs Company.

SAYS GOVERNMENT MUST AID R. R.

Lawyer for Rail Securities' Holders Testifies.

Washington, Aug 15.—If congress proposes to build a foundation for American prosperity it must extend a steadying hand to the railroads, Forney Johnston of advisory counsel for the National Association of Owners of Railroad Securities, told the House Interstate Commerce committee today.

CRISIS IN RAIL AFFAIRS.

"If congress does not take courage and constructive action," said Mr Johnston, appearing in behalf of the Warfield six per cent return plan "the progress of a generation toward a well regulated system of privately owned and operated railway transportation will be destroyed and the Sixty-sixth congress will have forced government ownership under conditions and with results which the future alone can assay."

Mr. Johnston contended the Security Owners' association had presented the only process that would avoid "this fatal and irrevocable step."

Pointing out that in 1916 ninety-one railroads, operating more than 80,000 miles had paid no dividend whatever He declared American railroads had been kept in a bread line before the door of the Interstate Commerce commission since 1910 and that relief by the commission had been denied or grudgingly and sparingly dealt out because certain roads in each region were thought to be affluent.

"Yet before the committees of congress and in every case brought before the commission to advance rates," the witness said, "a vast mileage of American railways had been choked off with the assertion that average statistics show average prosperity. In all of these cases the commission has been actuated to deny general relief because certain roads were prosperous and the commission was unwilling to add to their prosperity, even to save the large number of roads which were receiving admittedly inadequate revenue.

SUPPORTS WARFIELD PLAN.

It was to meet this situation, he told the committee, that the Warfield plan would direct the commission to fix rates so that the roads could earn a minimum guaranteed return of six per cent upon capital invested with division of all surplus over that figure among employes, the public and the earning roads

In contending that congress must give constructive relief or else see the railroads plunged into bankruptcy or government ownership, Mr. Johnston said the Warfield plan offered the "one solution upon which all conflicting elements in the situation could unite."

Asks Divorce.

Lola C. Gamon has filed suit in the circuit court asking a divorce from Charles Gamon whom she charges with desertion. They were married in 1905 and she charges that he left her in July, 1918.

TUSCOLA BOOK STORE IS SOLD

Tuscola, Aug. 15.—Curt Thornton has purchased the Reinheimer book store and news stand, from Leon Reinheimer. Mr. Thornton formerly was secretary and manager of the Corn Belt Building and Loan association of Tuscola and gave it up in order to devote his entire time to his farming interests near Toledo, though he did not move his family permanently from Tuscola.

It is also stated that Alec Hunt, who occupies the corner room in the Wamsley building, at Sale and Main streets, will have to vacate the room soon. It is also rumored that John Wamsley, Jr., will occupy the room with a grocery store. Mr. Hunt is planning the building of a room suitable for his business, on the vacant lot east of the Ford garage, which was purchased by him some time ago.

MRS. SKINNER WEDS.

Word has been received here of the marriage of Mrs. Eva Bragg Skinner and Henry Senn, both of this city, at Richmond, Va., Tuesday. The wedding is no surprise to Tuscola people, as Mrs. Skinner left here Sunday for Richmond, following a message received from Mr. Senn that he had just arrived from overseas service with the U. S. Marines.

They expect to visit with Mr. Senn's folks in St. Louis for a few days, before returning to Tuscola. They will probably be here next week The bride is well known here having spent nearly all her life here. She is the daughter of the late A. W. Bragg.

Mr. Senn came to Tuscola several years ago from Tower Hill, where he had the management of a mercantile business under the firm name of Bollman and Senn being associated with the late Henry Bollman of this city. On coming to Tuscola he became identified with the Star store owned by the Bollman company. Mr. Senn was made treasurer of the company and took an active part in the management of the business until he enlisted in the Marines during the war. On his return here he will resume his connection with the Star store They will probably live on North Main street in the house recently purchased by the bride.

Eugene Campbell, son of Mr. and Mrs. H. P. Campbell of this city who has been spending his summer vacation on the farm of J. C. Hammond, former superintendent of the Tuscola schools, near Greencastle, Ind., has returned to Tuscola.

If you have shortness of breath, pain in the stomach, waterbrash or foul breath, you need Mi-o-na and the sooner you get it the sooner your stomach should perform its duties properly.

If you use a box of Mi-o-na tablets and feel that it has not overcome your indigestion or stomach trouble, take the empty box to your dealer and he will refund your money. For sale by Decatur Drug Company and all leading druggists.

To Reduce Your Weight Quickly and Easily

If you are too fat, or if your figure has become flabby and you are carrying around a burden of annoying unhealthy flesh, the cause is, ten chances to one, lack of oxygen carrying power in the blood and faulty assimilation of the food. Too little of the food is being made into good hard tissue and muscle and too much little globules of fat.

Every man and woman reader of this paper who is too fat, who has flabby tissue and flabby should try the new preparation, Phynola, a simple, but remarkably efficient formula put up for convenient home use.

Go to Decatur Drug Company or Shilling Drug Company today and get a box of these wonderful Phynola tablets, take one after each meal and one at bed time. They are pleasant to take, entirely safe and give splendid results quickly and easily. No dieting, strenuous exercising, drastic measuring or appliances. Just a simple Phynola tablet four times a day and in a short time your weight is reduced on all parts of the body to what it should be.

MRS. W. E. HARTMAN ELECTED DELEGATE

Will Attend War Mothers' Convention.

Mrs. W. E. Hartman, president of the War Mothers of Decatur, was elected Thursday a delegate to the National convention of the War Mothers of America which will be held in Baltimore, Md., Oct. 7, 8 and 9. Mrs. Leon Sullivan was elected to take Mrs Hartman's place in case she is unable to attend

The women will have charge of a booth in the pavilion at Fairview Park, Labor Day. They will sell hot lunches, cold drinks and home made pies. Each member is asked to donate one pie and as many more as they will. The women are anxious to make this booth a success as it will help them financially in sending a delegate to the convention. The local organization is just a year old. They hope to be able to make the Illinois organization much stronger next year and if possible make Decatur the State headquarters.

The next meeting will be held the fourth Thursday in August in the home of Mrs. F. A. Parmack, 130 West Lenfland avenue.

THURSDAY BIG DAY FOR PICNICS

Fairview Park Scene of Many Outings and Reunions.

The half holiday and the good weather Thursday took many picnickers to the parks, the most being held at Fairview, although there were some at both Parles and Woodbine.

The Florida picnic was not so large this year because of the death of some of the members.

There were about 300 at the Grace Methodist Sunday school picnic. The supper was served in cafeteria style by the boy scouts of the church. The children were given the second ice cream cone without the charge of a nickle. A ball game between the married men and the single, was won by the singles, 21 to 16. There were two baskets left after supper was served and these were given to the Millikin and Welfare Homes.

The Hirsch company went to Parles park at 3 o'clock. There were a few athletic contests held. Supper was served at 6 o'clock. There were about 51 persons present.

There were about 100 present at the Women's Relief Corps picnic held at Fairview park. The men of the Dunham Post were special guests, which numbered 40. A picnic supper was served and a social evening followed. Dr. W. F. Calhoun gave a short talk.

The Campbell-Davis reunion was held at the Woodbine park. There were about 70 present.

MISS PATTERSON TO WED EVERETT JOYNT

Announcement Made at Party in Bride-to-Be's Home.

Miss Maud Patterson announced her approaching marriage to Everett E. Joynt Thursday evening when she entertained sixteen of her girl friends at a party in her home, 1316 North Main street. The wedding will take place in the home of the bride on Sept. 4. Miss Patterson is the daughter of Mr. and Mrs. David Patterson. Mr. Joynt is the son of Charles Joynt, 147 West Cerro Gordo street, and is employed as pay teller at the Millikin National bank.

Dorothy, the two year old sister of Miss Patterson, dressed in yellow and white and carrying a basket of yellow roses, passed roses to the guests. Mrs. Bernard Patterson received the rose with the announcement card tied to it. The color scheme of yellow and white was carried out in the decorations and in the refreshments. The guests were entertained during the evening with music.

GEORGE W. COLE DIES AT AGE OF 75

Had Long Been Connected With Local Retail Meat Business.

George W. Cole, 118 Summit avenue, died Thursday night in St. Mary's hospital after a long illness. He was well known here to many older residents, having for years been connected with the local retail meat industry. In recent years, he has been employed at the Danzeisen Packing plant.

He was born in Warmouth, England, Nov. 6, 1844 and was seventy-five years old. When only twelve years old, he came to Canada and at the outbreak of the Civil War, joined the Union army. After it was over, he remained in the United States. He married Miss Jane Callon of Circleville, O., in 1877. He is survived by four children, Mrs. K. T. Livesay, Mrs. Theron Cesley, Mrs. T. J. Gogerty, all of Decatur, and George R. Cole of Portsmouth, O. He was a member of the Odd Fellows and St Johns' Episcopal church.

We have leased the room now occupied by the Decatur Drug Company at 331 to 333 N. Water St. We will move to this location about March 1st, 1920. We are growing fast; help us grow still faster. We will both benefit.

Vegetable Contracts For Fall Delivery

Bobolink Corn for Early October Delivery

Bobolink is Illinois Evergreen Corn, picked at just the right moment to insure firm, tender sweet quality. It is in every way superior to Indiana-grown corn.

We have two hundred cases left out of one thousand which we bought on the lowest basis at the opening of the market. When this is gone and we buy again we will have to charge you at the very least twenty-five cents per case more. Economize by taking advantage of our present low price—but don't delay a minute unless you want to pay more.

Case, $3.35 Dozen, $1.70

W. R. Early June Peas—Late Sept. Delivery

Firm, tender, meaty Wisconsin-grown peas, canned at just the proper time to retain their "fresh from the vine" taste. We guarantee them to be as fine flavored as any you have ever eaten. You may be offered peas at lower prices, but you may be absolutely sure that they will not be up to Wedding Ring in quality.

We still have plenty of peas from our first purchase, but they are selling rapidly, and we advise you not to wait too long if you want to buy at our present low price.

Case, $4.25 Dozen, $2.15

CANNED FRUITS

For Immediate Delivery

You can have a snug sum on your fruit requirements for this winter by buying at the prices quoted in this ad on our present small stocks for immediate delivery. Compare the prices we are quoting for delivery now with those for delivery in the late Fall—you will easily note the nice saving possible—and the fruit is just as good.

CANNED FRUITS

For Late Fall Delivery

Sales last week were fully as heavy as the week before. Housewives are certainly waking up to the desperateness of the fruit situation. Lest you forget—when we have sold seventy-five per cent of the fruit we have bought, we will not accept another order, as we cannot re-buy at any price, because there is no surplus to sell.

Crystal White Soap

Soap ingredients are on the highest price basis ever known—even higher than during the Civil War—and the end is not yet in sight, if we may judge from reliable information. Our price is still 50c per case less than present wholesale selling cost, and at least $1.00 per case less than retail selling price on soap bought on today's basis. We can't hold present price long—so if you want soap at a big saving speak quick!

Per Ten-Bar Lot, 68c
Per Case, $6.50

Motor Pink Salmon

Very choice pink salmon of unusually good flavor at an especially low price. We SHOULD be getting 22½c per can. Special price, pound 21c

Maroon Red Salmon

Absolutely as fine as anything packed in the Red Alaska variety. Present market justifies price of 32½c at the very lowest. Our special price, pound 31c

Wedding Ring Chinook Salmon

The very finest salmon the market affords a deep pink in color. The meat is very close-grained and sweet—better than chicken. Special, pound 41c

SUGAR There seems to be no relief in sight. We secure a very few bags on an average of about once a week, but not nearly enough to supply the trade—just enough to be an aggravation. We are doing our very best to take care of you and as soon as we can be assured of enough sugar to last a few days will advertise same so that everyone may get a little.

Big Bargains in Beans

Every one likes beans—some like one variety and some another—no trouble to find your kind listed in this week's ad—at prices much lower than are warranted by today's market. Dry beans of all varieties are much higher than a few weeks ago—due to the fact that last year's crop is practically gone, with a full sixty days to go before new Michigan beans are ready for market. Predictions are being freely made that all varieties will be much higher before the new crop is available. Prices quoted herein not good after August 21st. Buy a case of your favorite kind now while these extra special low prices prevail.

WISHBONE RED KIDNEY BEANS

Extra large genuine red kidney beans, in heavy natural sauce—as fine flavored as any you ever tasted. Very nourishing and unusually cheap. No. 2 Cans, 1 lb. 4 oz. net weight 12½c

Gibson Brand Pinto Beans — A rich, meaty, good flavored bean, packed in heavy natural sauce-cans full to overflowing. Cheaper than dry beans and not half the trouble. No. 2 Cans, 1 lb. 5 oz. net weight 9½c

Wish Bone Pinto Beans — A larger and better selected bean than the Gibson, and flavored with 823 pork. Unusually appetizing and delicious. You'll like 'em. No. 2 Cans, 1 lb. 4 oz. net weight 12½c

Wedding Ring Baked Beans — Selected Michigan Navy Beans. Cooked with pork in tomato sauce—the equal of any baked bean on the market at any price. Our price very low. No. 2 Cans, 1 lb. 4 oz. net weight 14c

Wish Bone Lima Beans — Small Green California Lima Beans. Picked while young and very tender—a very choice and delicious bean that's different. No. 2 Cans, 1 lb. 4 oz. net weight 17½c

Wish Bone Wax Beans — Well filled, yet tender, yellow wax beans, cut into short lengths, positively free from strings. Very fine flavored and especially pleasing. No. 2 Cans, 1 lb. 3 oz. net weight 17½c

Wedding Ring Green Beans — Medium size, long, green, Refugee beans that almost melt in your mouth—absolutely stringless. Cooked with pork seasoning—oh! how good! No. 2 Cans, 1 lb. 3 oz. net weight 20c

Newto-Egg Substitute — Money refunded if not absolutely satisfactory when used in the place of fresh eggs for baking and cooking. No chance for eggs "straight up" or scrambled, but it will help to cut the high cost of living, as one package will take the place of $1.50 worth of fresh eggs. Package 20c

DROP IN FLOUR ONE BRIGHT SPOT

All Other Prices Continue About Same.

PLENTY GREEN STUFF

Potatoes May Drop in Next Few Weeks.

The putting of the new wheat flour on the Decatur market at $3 a sack was the one shining spot on the cost of living sea of troubles and if the lower price in flour is maintained it is likely that more women will go back to baking the household supply of bread as the days become cooler in the fall.

There was a tremendous interest taken in the new flour prices. The flour made from wheat grown in Illinois is selling at $3 a sack, the Kansas wheat flour is selling at $3.15 and other kinds are selling from $3.60 to $3.65.

SEE LOWER PRICES

Market reports indicate also that there will be a lowering in the price of potatoes soon as Thursday's prices in St Louis were as low as $1.25 a bushel to the farmers who brought them to that market. The retail price in Decatur continues to hang around 90 cents a peck but it is believed that this price will be materially lowered now that the freight business on the railroads has been resumed and supplies can be brought in from potato producing districts

Butter is retailing from 55 to 60 cents a pound and eggs from 45 to 50 cents a dozen, little change in the prices of these necessities being noticed yet in spite of the war which the government is making on the hoarders of these two products in the great central markets

Corn meal is being offered as low as 25 cents a sack, which is considerably lower than it has been usually priced here.

FEW PRICE CHANGES.

Other food prices show very little change from last week and the variety remains about the same. Tomatoes are cheaper, the small baskets selling as low as 15 cents each, the bushel price still sticking around $2. At Assumption tomatoes are selling at 75 cents a bushel and it is likely that prices will drop here for canning purposes as the crop is coming along well since the recent rains

Watermelons are selling from three to four cents a pound, cantaloupes from 10 to 15 cents each, baskets being offered at from 85 cents to $1 each.

Onions are from 8 to 10 cents a pound and sweet potatoes are two pounds for 25 cents.

PLENTY GREEN STUFF

In green stuff the market is fairly well supplied but it is rather high Cabbage, which has suffered from the dry weather, is quoted around seven cents a pound, head lettuce runs from 15 to 35 cents a head, leaf lettuce 30 to 35 cents a pound. Michigan celery is 10 cents a stalk, wax and green beans 12½ to 15 cents a pound and telephone peas from Michigan are 30 cents a pound.

Lima beans are 25 cents a box and rather good sellers at the price

PEACHES MAIN FRUIT.

In fruits peaches still hold the center of the stage with some excellent stock from Arkansas and Tennessee offered at prices ranging from $2.40 to $3.65 a bushel basket with smaller quantities sold in the little baskets at from 20 to 30 cents

Illinois apples for apple sauce and pies are selling at three pounds for 25 cents and the fancy box apples at the usual dozen prices.

California grapes at 20 cents a pound and homegrown Concord grapes at 25 cents a basket are also offered It is expected that the homegrown grapes will soon be here in quantities and prices to interest the jelly makers.

PLUMS FOR JELLY.

Plums are being offered in crates for jelly at $2.25 a crate and the fancy plums run from 15 to 25 cents a dozen

Chickens will continue to be rather high, one market however quoting springs, New York dressed, at 42 cents a pound

In fish the high cost of living can be toned down a bit by the great variety of lower priced fish which are offered for the Saturday buyer. Buffalo carp, croppies, sunfish all from the Illinois river, are offered full dressed, at 20 cents a pound. Ciscoes are quoted at the same price but halibut, lake trout and catfish are still 30 cents a pound

Live jumbo frogs the great big fellows, are offered at 20 cents each, the smaller batrachians running from 15 to 25 cents each.

"Your Grocer Can Recommend It"

Your Neighborhood Grocer Can Guarantee Standard Brands

Mrs. Housewife: Have you neglected your marketing education by failing to familiarize yourself with the brands of foodstuffs which give you the best satisfaction?

How many of you can name the brands of groceries and meats coming into your home every day? Can you go to the store and call for a certain brand of goods that you KNOW is right? You read a GOOD book and immediately learn the author's name, so as to get some of his other books. Isn't it just as essential when you are pleased with the QUALITY of an article coming into your home that you learn the brand that you may be able to duplicate it?

You will find below the brands upon which your neighborhood grocer depends to give you quality and back of which he CAN and DOES stand.

Don't neglect this important point in buying for the table if you would always have nothing but the best.

IT'S NO MISTAKE

It's no mistake that you can more safely depend on the Standard Brands of Quality Foodstuffs which we sell you than on the almost unknown brands which are sometimes offered at slightly lower prices.

Behind the established brands is the reputation of the maker—and the guarantee of the seller.

We commend to your approval LIGHT HOUSE, NATIONAL SEAL and CHERRY BLOSSOM CANNED GOODS—WHITE LOAF and BIG "S" FLOUR—FELS NAPHTHA and KIRK'S SOAPS and P. & G., MAPLE CITY and IVORY SOAPS. All these are lines of goods which we know will give absolute satisfaction.

LET ME SELL YOUR PROPERTY

If you want to sell and desire quick action, list your property with me. I not only list property but sell it. There's a Reason.

The well-equipped agent has an established place of business where he is prepared to look after the details of the business and relieve you of the many annoyances incident to the sale of real estate. He protects both the buyer and seller. I have many clients who want to buy homes in different parts of the city. If you have property to sell, put a fair price on it, list it with me and get results.

Here are some properties for sale which I can recommend:

Six-room, modern, southwest side; very cheap at price, $3,400.

Five-room, modern brick bungalow, west side; price, $3,000.

Seven-room, modern, North Clinton Street; price, $3,000.

Four-room, part modern, southeast side; price, $1,500.

"MADAM LYNN" FORFEITS BOND

Sullivan, Aug. 15.—Bonds in the case of Mrs. Line Bowman ("Madam Lynn") of Monticello, were forfeited in the opening session of the Moultrie county court Monday morning. L. B. Slick and W. E. Burns were bondsmen in the case and the bonds totaled $1,300.

Mrs. Bowman is charged with assault with a deadly weapon, and after securing bonds, sought a change of venue from the Platt county court. Mrs. Bowman is well known in Central Illinois as a palmist and clairvoyant.

BUY ARMORY.

A deal was closed Thursday whereby the Sta-Right Hairpin company became the owners of the armory on West Jefferson street. The company purchased the building of Mrs. Mary Shuman for $7,000 and they are to get possession at once. They will remodel the armory and use it for a factory for making their hair pins.

Perry Bland, one of the officers of the Sta-Right Hairpin company and and promoter of the company, will go to Bridgeport, Conn., soon to accept the machinery for the factory.

A deal has been closed with the Park Non-rust process and this will be used in the manufacture of the hairpin which will make it the only non-rust wire hairpin on the market.

Thomas G. Hughes and family left in their automobile Thursday for a trip through northern Illinois and Wisconsin. They expect to be gone about ten days. Madison, Wis., will be their first stop. They will then go to The Dells, a summer resort in Wisconsin and after a few days' stay there will return home through Indiana.

Both the First National and the Merchants and Farmers State banks of this city closed at noon Thursday and the officers and office force in both banks went to Woodbine park near Mt. Zion for a picnic of bankers of Moultrie and Macon counties. Judge W. G. Cochran, who is a director in the Merchants and Farmers State bank was on the program for a talk.

During the chautauqua the library will not be open of afternoons and evenings, but will be open from 10 o'clock until noon.

The program for this evening at the chautauqua will start at 7:30 p. m. and will consist of a concert by the Var Haar Concert company. This will be followed at 8:35 p.m. by a lecture by Dr. Charles F. Aked. The program Saturday will be, 3 o'clock p. m., concert, Vitale's Orchestral band. In the evening at 7:30 p.m., children's hour, Ash Davis, cartoonist and entertainer will entertain the audience for an hour and this will be followed by another concert by Vitale's Service band.

Mr. and Mrs. Bert Poland left Friday morning for Storm Lake, Ia., for a visit with their daughter.

INHERITANCE TAX ON SHELBY ESTATE

Shelbyville, Aug. 15.—J. J. Baker has filed with the county court his report as appraiser of the estate of T. E. Myers, on which the inheritance tax was to be determined. Mr. Baker reported that a total of $31,400 from the estate was due the estate of Mary B. Myers, deceased, the widow of T. E. Myers whose heirs are Harriett Lorton and Mattie Myers, daughters of Herrick and Frances Dixon, granddaughter, of Butte, Mont. Of this amount, $12,000 is from the real estate and $19,100 from personalty. With the statutory exemption of $20,000, the taxable value is $11,100, and the tax therefore $111.

Mattie Myers received $26,800 from real estate of her father's estate, and $8,091.63 from the personal property, a total of $31,891.63, of which the taxable value is $11,891.63, and the inheritance tax $118.91.

Harriett Lorton, the other daughter, received $1,300 from the real estate and $7,881.62 from the personal property. The exemption of $20,000 renders her share of no taxable value.

The granddaughter, Frances Dixon, receives $9,150 from the real estate and $9,381.63 from the personal property, a total of $18,531.63, on which the tax is $202.91.

Charles G. Martz, administrator of the estate of the late Henry M. Martz, has filed in the probate court a report of the private sale of personal property. The receipts of the sale were $2,839.98. Twenty-one cows, calves and steers sold for $1,012.70.

Cora Vaughn of this city has filed a suit for divorce from her husband, Solomon Vaughn, charging desertion. They were married September 27, 1901, and according to the declaration filed by the wife, her husband deserted her December 22, 1910. There are three children, Ethel, Gertrude and Lloyd Vaughn, aged 17, 15 and 13 years, respectively.

Prof. R. L. Welch of Oconee, was in Shelbyville Thursday, the guest of Harry Hinton, member of the board of review. Prof. Welch was a member of the faculty of the South Dakota State University last year, and goes the coming year to the Industrial School of Wisconsin.

MISS DOUTHIT WEDDED.

Announcements have been received in Shelbyville of the recent marriage of Miss Alison McGilvra Douthit and John Lovejoy Beardsley. The marriage took place at Petersham, Mass., Friday, Aug. 8, and is of special interest here as the bride is a daughter of Reverend and Mrs. Robert Collier Douthit, former residents of Shelbyville. She herself was a former resident of this city.

CHEESE WEIGHS 31,964 POUNDS

Chicago, Aug. 15.—A cheese 8 feet high, 10½ feet in diameter and weighing 31,964 pounds, recently has been completed for Armour and company to be exhibited at the National Dairy show here Oct. 6 to 12. It is said to be not only the largest cheese in the world but the largest ever attempted and is valued at $16,000.

Details of the big cheese are impressive. It is stated 357,500 pounds of milk, 800 pounds of salt and 1,251 ounces of rennet were used in its making. The milk was taken from 12,000 cows on 1,800 farms, 59 factories furnished the curds and 73 cheese makers and helpers co-operating in the making. Three "bandage cloths" were used, each 33 feet long and 16 feet wide. The process of manufacture were "filmed" by two motion picture concerns and the pictures are to be shown throughout the world.

WAIL OVER HIGH PRICE OF WORMS

Muncie, Ind., Aug. 15.—After paying the high prices charged for live bait at Indiana lake resorts, Muncie sportsmen are loud in their demands that an investigation of the bait industry be included along with the high cost of living. One dealer in angle worms, who, at the beginning of the season jumped his price from 15 cents to 35 cents a hundred and the tacked on another five cents, explained the second raise by saying he has to pay a 5-cent war tax.

At most of the Indiana lakes last season fishing worms could be bought for 15 cents a hundred; now they are 35 and 40 cents a hundred. Crickets that formerly sold for 35 cents a hundred are now being dolled out to the sportsmen at 10 cents a dozen.

The dealers say they can make so much more money at other work that they have to charge the higher prices for bait or quit the business.

SAY WHEAT PRICE MUST DROP FIRST

Chicago, Aug. 15 — Wheat must come down before bread can be reduced in price, according to bakers in attendance here today at a meeting of the executive committee of the Bakers' association.

MUCH PRODUCED AT S. AND S. HOME

Capt. John Andrew at Quincy Makes Report.

MILK WORTH $15,000

Figures Show Surprising Results.

Surprising figures regarding the milk, pork and other lines of production on the Illinois Soldiers and Sailors' home grounds at Quincy during the year ending June 30 are given in the annual report just issued by Captain John Andrew, superintendent of the home. Captain Andrew has a large number of friends here who are always glad to hear of the success he is having at the home.

The dairy herd alone at the home produced more than $15,000 worth of milk. Butter produced was to the value of $345, and besides this, considerable value is placed on the buttermilk and other milk fed to pigs and other stock of which no record was kept. Also there is credit to the dairy herd of beef to the value of $736, veal $278, and $902 for stock transferred to other state institutions. The main item of expense for this production was the feed for the cattle which was valued at $8,569. The herd is now composed of forty-seven cows, sixteen heifers, twenty-one heifer calves, six bull calves and two herd bulls, a total of ninety-two head. Forty-two cows are being milked.

PORK PRODUCED.

An even better showing is made in the matter of pork production on the home farm. There was slaughtered at the home, during the fiscal year, pork to the value of $5,570.27, and there are now in the home drove seventy-six head of hogs and 109 shoats. The cost of producing the $5,570.27 worth of pork that has been used, and the drove that is on hands now, was about $600—which includes 400 bushels of corn at $1.50 per bushel. The hogs were also fed the garbage of the home which would otherwise have created quite a costly problem to dispose of it.

Figures from Captain Andrew's report follow:

On less than 242 acres, for the year ending June 30, the production was:

Vegetables	$ 3,136.40
Beef	736.78
Veal	278.32
Venison	62.50
Pork	5,570.27
Poultry	68.05
Eggs	383.76
Milk, 51,764 gal. at 30c	15,529.20
Butter	345.10
Stock feed including 150 tons of ensilage	8,569.00
	$34,679.37
Stock transferred to other state institutions	902.78
	$35,682.15

MILK PRODUCED.

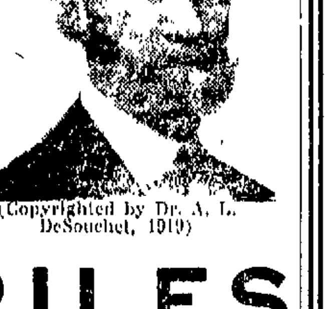

We are milking 42 cows that averaged 3¾ gals. of milk during the hot month of July.

Daily average during July, 160½ gals.

The cost of production 23c per gal.

We have slaughtered of our own raising $5,570.27 worth of pork and have on hands—own raising, 76 hogs, 109 shoats.

The cost of producing the above amount of pork was 400 bushels of corn at $1.50 per bushel, garbage of the home being used in addition.

CRUSHED TO DEATH UNDER TRACTOR

Arcola, Aug. 15.— Edward Myers, aged about 35 years, was found dead in a field two miles west and one and one-half miles south of Humbolt about Thursday afternoon.

Myers was employed on the farm of Dr. T. O. Freeman by Frank Coons, the tenant. He went to the field to plow with a tractor. He did not go to dinner Thursday noon and about 1 o'clock Mr. Coons went to the field to look for him, but saw neither Myers nor the tractor.

After a search he found Myers' body lying dead in a furrow. The man had fallen off the tractor and one of the heavy rear wheels had ran across his stomach, crushing and probably killing him instantly. The body had been caught by the plows and dragged for a quarter of a mile or more.

The tractor followed the furrow it was in when the accident occurred, for a considerable distance. Then it veered off and went to the end of the field; crashed through a fence and into a heavy corn field. After running a considerable distance into the corn it finally stopped.

It is supposed that the accident occurred about 8 o'clock Thursday morning. Myers had left the seat and climbed onto the forward part of the machine to make some adjustment when he fell off.

He is married and leaves a wife and children.

MODERN MILLER.

Chicago, Aug. 15.—Modern Miller today says: Threshing returns from the winter wheat belt continue to show a further falling off in the crop raised. Spring wheat seeded the winter wheat belt has been a particularly unfavorable venture and advices from some sections say seeding of this grain will not be attempted again. Michigan corn is satisfactory in quality and quantity but Indiana's crop is short. Continued unfavorable reports as to the spring wheat crop are received but the total will be up to the most recent estimates for the two Dakotas and Minnesota. There is a further falling off in Montana. Heavy losses have been sustained in Western Canada.

CORN UP AFTER THURSDAY'S BREAK

Chicago, Aug. 14.—Although fresh weakness developed in the corn market today, the breaks in prices during the early trading did not go beyond ordinary limits before rallies took place. An accumulation of over-night selling orders put the bulls at a disadvantage at the outset, but the bulk of the offerings were taken by shorts who were in a position to collect profits. Nervousness over the campaign against the high cost of necessaries continued to be the chief influence. Opening quotations, which ranged from ⅞ to 3¾c lower, with September $1.80 to $1.81, and December, $1.43 @$1.43¼, were followed by upturns in which the greater part of the initial setback was overcome.

Evidence that country offerings of grain had dwindled as a result of yesterday's sharp break in prices led subsequently to much commission house buying of corn, and so too did signs of export demand for oats. The market closed firm ¼c to 2¼c net higher with September $1.85 to $1.85¼, and December $1.45⅝ to $1.45¾.

Oats were governed by the action of corn. After opening unchanged to 1¼c lower, including September at 72⅛ to 72⅞, the market took an upward swing, but then sagged again.

Provisions reflected the weakness of grain and hogs. Low prices at the opening, however, were followed by moderate rallies.

Buying ascribed to packers brought about material advances later in pork and ribs, but lard remained comparatively heavy.

PRICES DROP IN H. C. OF L. FIGHT

Corn Quoted at $1.75 and Hogs at $20.

Markets are still staggering under the uncertainty of the future and the determined fight which is being made on the high cost of food and both hogs and corn yielded materially in reductions Friday morning.

Cash corn in Chicago was as much as five cents a bushel lower and the prices in Decatur were marked down to $1.75.

Hogs suffered the most severe decline which has occurred for some time, the loss from Thursday's tops being as much as $1.25 a hundred Friday when the tops in Chicago dropped to $21.25. Following this slump prices at Decatur were marked down to $20 for tops and other grades accordingly.

The weakness seemed to be very general and with the larger supply arriving with the resumption of freight traffic the bottom simply dropped out of the market.

Decatur dealers are offering the following prices for grain:

No. 2 wheat	$2.07@$....
White corn	1.75@ ....
Yellow corn	1.75@ ....
Oats	.70½ ....

RAISE FUND TO BUY RICH MEN HOBNAILED SHOES

Chicago, Aug. 15.—As a result of recently published interviews in which Roger Sullivan, J. Ogden Armour, Julius Rosenwald and other wealthy men had stated they had worn one pair of shoes for a year or had bought no new ones during the war but were having their old ones repaired because of high prices, members of the Chicago Builders' and Traders' Exchange yesterday took action. They contributed to a fund from which hobnailed shoes were to be bought for the men.

ANNOUNCE SUNDAY ARMY FOOD PLAN

Mayor Borchers and W. M. Bering to Go to Chicago to See About Decatur Shipments.

Army food for Decatur will be here next week undoubtedly, or at least people's orders might be accepted by that time. The exact plan upon which the sale will be conducted in Decatur is not yet determined upon but will be announced in all probability Sunday morning. This is the situation at present.

Postmaster W. M. Bering has received official notification from Washington relative to the plan of how army food may be secured for Decatur. This matter, he took up with the city council members in a session Friday morning.

HAVE ANOTHER PLAN

Now this information contains only one plan but the postmaster and city officials have still another plan which they feel will be more saving and a better working plan. Whether they can put it into effect or not, remains to be seen.

For that reason, Mayor Borchers and Postmaster W. M. Bering will go to Chicago Saturday morning and visit the army depot headquarters there to see which plan they can best put into effect.

ANNOUNCE SUNDAY

They hope to have definite information on this by Saturday night and in time for Sunday morning papers. They will make every effort to make an announcement by that time. Until then however they cannot make any statements or tell what the two plans are for the very reason that it would undoubtedly confuse people and cause much bother. In the meantime, it will not do people any good to get any of these officials out of bed or take up their time in these offices in regard to the food question as they can give no definite answer.

MORE ARGUMENT ON GROCERY PROFITS

Contractor Says "Figure on the Cost."

"It all depends on how you figure," said a contractor Friday in speaking of the prices and percentages of profits submitted by a grocer Thursday.

"We always figure on the cost price as a basis never on the selling price, but of course as far as the actual results are concerned they are the same in dollars made or lost. It just depends on whether you mean the percentage of profit based on what stuff costs or based on what it sells for. But the basis should be clearly stated when a statement is made as to percentage of profit.

MEAN DIFFERENT THINGS

"It is simply a way to juggle with figures and if the basis is changed it should be clearly understood. Unless the basis is thoroughly understood the same words may be used but they may mean entirely different things."

Most business men, I am sure, use the cost as the percentage basis. If the other basis is used and understood then there is no quarrel with the figuring done. There is, of course, the apparent advantage of making the profits seem a smaller percentage on the basis used in figuring profits as that grocer did. It "listen better" to the consumer perhaps."

ANOTHER OPINION.

Another man who studied the figures said: "Whatever the cost and whatever the selling price it was apparent that the selling price of 20 to 35 per cent of the cost of the article was added on to the cost price."

JOHN REBER, 80, ILL MANY MONTHS

Dies in Home of Daughter; Burial in Ohio.

John Reber, age 80 years, died at 9:30 o'clock Thursday night in the home of his daughter, Mrs. I. N. Carrick, 1606 East Main street, after an illness lasting since last January. He was a retired farmer and for the last twenty years he had spent his time to his favorite enjoyment of traveling and hunting, especially the latter. He usually spent his winters in the south and summers in the north.

He was born in Fairfield County, Ohio, Jan. 2, 1839, the son and Thomas and Rachel Reber. He was married to Hannah M. Savage of Wyandotte county, Ohio, Jan. 12, 1859. To this union were born five children, all of whom survive. They are as follows: Hamer Reber of Casper, Wyo.; Frank Reber of Kansas City, Mrs. I. N. Carrick, Decatur; Mrs. Emma Fortwangler, Canon City, Colo.; Mrs. Lucy Altenberger of Upper Sandusky, O., Mrs. Heber died in July, 1868. He also leaves two brothers, Lenox Reber of Marion and Albert Reber of Upper Sandusky, Ohio.

A short funeral service was held at the residence of his daughter at 2:30 Friday afternoon and the body sent to Upper Sandusky for interment.

Asks Divorce.

Lottie Becker filed a bill in the Circuit Court Friday for a divorce from William Becker. She charges him with desertion.

CONTRACT LET ON STREET CAR BARN

Baker Bros. Will Start Construction at Once.

ONE BUILDING NOW

To Be Two Story and Cost About $43,000.

The contract for the new street car barns on East Wood street, just off of Industry Court, was let Friday morning to Baker Bros., and construction will start at once.

The unusual feature about this street car garage will be that there will be just one track from Wood street into the grounds of the barn. This is such a vast improvement over the standard style of barns that it will mean the saving of the street instead of having it covered with a number of tracks lumped from the main track on the street into the barns.

AT BOTTOM OF HILL.

On the plans laid out for this new barn this single track branches off the main track at the bottom of the hill and goes into the grounds of the barn in a northwesterly direction, following along the east front of the building, which will be wedged shaped, the car tracks branching off of this trunk track into the barn proper.

By this arrangement all the switch tracks are inside the barn and barn grounds, off the street and sidewalk, just the one track cutting across the sidewalk at the east end of the barn itself.

ONE BUILDING NOW.

The building to be erected at this time will be 140 by 115 feet of Decatur brick the long side being along East Wood street where it will have a number of groups of windows and will be of rather an attractive appearance for that kind of a structure. This main building will be two stories in height and will contain a work shop 28 by 140 feet on the first floor in addition to storage track for all the rolling stock the company now has.

On the second floor there will be toilet rooms and rest rooms for the men and perhaps a few office rooms.

COST ABOUT $43,000.

The cost of this building will be about $30,000 for the building proper, $5,000 for the electric wiring and heating, and about $8,000 for the steel necessary for the tracks which will be laid in the building.

This is the first of a series of buildings which have been planned to be erected eventually on the ground recently purchased by the Decatur Railway & Light Co., there and provision is made for the growth of the street car equipment for many years.

TWO DECATUR BOYS IN PACIFIC FLEET

Keith Foley and Herbert Adams Write Home.

Keith Foley, son of Mrs. W. E. Foley, 1736 East William street, and Herbert Adams, son of Mr. and Mrs. J. R. Adams, 1030 East Prairie avenue, enlisted in the navy June 11. They went to the Great Lakes and after being there one month they were sent to Boston Harbor where they became part of the Great Pacific fleet which is bound for San Francisco.

The fleet left Boston July 10 and last two months after the boys enlisted they were at San Diego, Cal. The boys both write home that they are having a fine time and that they like navy life. They are both on board the Birmingham, one of the big dreadnaughts. Keith is employed as a mess cutter and says that he will not be home for a year as he is going around the world.

MATTES HAS BIG POTATO CROP OTHERS FAILED

Commissioner J. F. Mattes should be called on for a story as to how he can raise twenty bushel of potatoes on a plot about the size of a city lot when other people are feeling lucky if they are getting back as much as they put in for seed. Nearly everyone is complaining of getting no potatoes this year but the commissioner, has just had a man dig up his potatoes, and he found the yield about twenty bushel.

The only explanation offered is that Mr. Mattes gives his garden special care, has much work done on it, and furthermore has it piped with a sprinkling system. He watered the potatoes about twice during dry spells.

DEEDS RECORDED.

John Marsh to Andrew J. Shoemaker, lot 80 by 160 feet in sw. ne. section, 2-18-2—$4,000.

William D. Heidenburg to John Allen, lot 6, block 10, Riverside Place—$1.

Stephen H. Dellinger to Elmer M. Hershey, lot 6, block 5, East Park Boulevard—$2,500.

Ivy T. May to Ada M. Johnson, lot 9, Hiseck and Akers addition—$1.

Theron A. Powers to Town of Decatur, lots 23, 24, 25 and 26, block 1 Nelson Park addition—$1000.

"SUMMER FLU" CAUSE OF WORRY

State Department Fears Fall Epidemic.

Within the last two weeks the State Department of Health has been investigating several epidemic outbreaks of so-called "summer colds" or "summer flu" and from data in hand it appears that there recently has been a resurrence of influenza of a mild type in a number of widely separated communities throughout the state. This development is a matter of considerable concern to the state health authorities, especially in view of the approach of the season when the disease ordinarily takes on greater severity. It indicates that every precaution must be taken to hold it within bounds.

In this connection the State Department of Public Health is calling official and public attention to the regulations prescribed for the prevention of the spread of influenza infection and is insisting upon their strict enforcement in every known or suspected case. For the purpose of proper control the department urges the necessity of regarding every case of "summer cold," "summer flu," or bronchitis with grave suspicion.

SYMPTOMS OF "SUMMER FLU."

The clinical picture of the cases investigated is as follows: Onset sudden, with symptoms of "cold in the head" and inflamed throat; temperature commonly running as high as 103 to 104 Fahr., headache, muscle ache, and in some cases nausea and vomiting. Duration three to five days. Very few cases have serious lung involvement and, so far as known, no deaths have resulted.

In more than 66 per cent of the cases investigated the affected persons had not been infected with influenza during the preceding epidemic. About 30 per cent had influenza last winter.

EPIDEMIC PROSPECTS.

Some health authorities hold that in the light of knowledge of previous epidemics of influenza we may look for another epidemic wave of serious proportions with the onset of fall, others express the belief that the disease has spent its force and that developments of any material consequence are quite unlikely this coming season.

Health authorities are preparing to meet any situation that may develop. The State Department of Health of Illinois is mobilizing medical forces and the American Red Cross, co-operating with the health authorities are perfecting nursing and hospital services in order that medical and nursing relief may be promptly afforded.

WHAT TO DO NOW.

Just now the really important thing to do is to strictly enforce the reporting and quarantine requirements. Every case or suspected case of "summer flu," "bad cold," suspicious bronchitis, pneumonia or undoubted influenza should be immediately reported to the local health authority and by him to the state department of health.

GET READY.

The health department, the Visiting Nurse association and the Red Cross here are all quietly preparing to make an effective fight against a possible revival of the influenza here this fall.

It is believed in these various health circles that there is quite possible a return of the epidemic this fall but with the knowledge gained last year and the absence of the great gatherings of men in the camps that perhaps it can be controlled before it takes a new hold.

MUELLERS REFUSE TO SET A PRICE

City Probably Will Bring Proceedings.

The H. Mueller company has notified the city council by letter that it will not offer the city a price on the three and one-tenth acres upon which the south wing of the new dam is to rest but will only adhere to the original proposition made recently by the company.

The company asks certain perpetual water rights from the city in exchange for a perpetual easement on the land. The council members after considering the offer, deemed it entirely unreasonable. They addressed a letter to the Mueller people asking that the company give the city a price on the land within five days, the idea of the council members being that in case this offer was not forthcoming, condemnation proceedings would be started. The council members stated they wanted the land free of any strings to the city, and did not propose giving any perpetual rights.

The five days were up Thursday and Thursday evening, the letter was received by city officials. It again reviewed the recent offer made by the Mueller company and printed in the newspapers at that time and stated that the Mueller company did not want to sell the land but would only adhere to the original proposition made by them.

The city council is expected to instruct the corporation counsel to bring proceedings.

POLICE NOTES.

Jesse DeWitt, charged with making threats on complaint of Susie Davis, was placed under a peace bond for $100 for three months, in Justice H. C. Noble's court Thursday afternoon.

Joe Larco, arrested on a charge of hopping on the engine of a Wabash passenger train, was released on bond to appear in Justice Noble's court next Wednesday afternoon.

NEW STREET CARS TO START SUNDAY

Edward and Eldorado Get One-man Service.

HELP OTHER LINES

Three Cars Go On Condit and Riverside.

Present plans of the street car company are to put the new street cars to work next Sunday. Four of these new cars go on the Edward car line and four others on the Eldorado car line and the ninth one will be held in reserve. Cars taken off those lines will be put on others to increase service on the other lines.

With the installation of these new cars, a new schedule will go into effect on just certain lines. Both Edward and Eldorado will have a seven and one-half minute service. This means a car will leave either end of the line on the hour and every seven and one-half minutes thereafter. Heretofore, the service has been about ten and twelve minutes respectively on those lines.

THREE ON CONDIT.

Another car is to be put on the Condit line, making three out there and they will give a twelve minute service instead of twenty minute service as they are now giving. Riverside will also get a third car but this will not begin next Sunday. It will first be necessary to construct another switch in the 600 block East Wood, just east of the Illinois Central, in order to give this service. When that switch is installed and working, then Riverside will also get a twelve minute service instead of the fifteen minute service which it now has.

LOCAL FREIGHTS BACK IN SERVICE

Wabash Has Heavy Passenger Business.

Some of the local freight are running on the Wabash and the transportation department is getting lines up for through freight service as rapidly as possible. A railroad after a twelve days strike does not resume operation at the crack of the starter's gun. The operation of passenger trains was continued throughout the strike but when it was all over it was found that engines were in pretty bad shape and it will take several days to get the power back to normal. The shops and round house are in full swing, but a good many train and engine men are not yet working full time.

The passenger business at the Decatur ticket office has picked up till it is now nearly at the high tide just previous to the strike. Indeed, the passenger business began picking up again several days before the strike was over when it began to appear that the end of it was in sight.

MORE OIL FOR STATE AID ROAD

Committee Goes to Macon to Investigate Conditions.

P. T. Hicks, county superintendent of high ways, the road and bridge committee of Macon county and other officials went to Macon for a meeting at 1:30 Friday afternoon, relative to the state aid road between Macon and Blue Mound. The people down there believe that another coat of oil should be put on and this is the matter that is to be decided upon. The road was oiled only about two weeks ago.

AUTO IS STRUCK AT SANGAMON

Stops Too Near Track and Wabash Train Tears Off Light.

An automobile was struck at Sangamon Friday morning by Wabash train 51, the Lafayette accommodation. One headlight of the auto was torn off and one front wheel was stripped of its tire. Engineer Nall reported that the automobile had come to a stop but was a little too close to the track.

A foot further away the car would have escaped injury and a foot nearer it would have been wrecked and its occupants badly hurt. The train was in charge of Conductor Sterling and the accident happened at about 10:15.

FUNERALS.

MRS. SARAH C. MILLER.

The funeral services for Mrs. Sarah C. Miller was held in the Mt. Zion Methodist church Thursday afternoon, Rev. J. W. Boggess officiating. Vocal selections were rendered by Mrs. G. C. Outten, Mrs. E. S. McGaughey, Miss Lola Armstrong and Bruce Hooper, with Miss Nina Britton, accompanist. The many floral offerings were in charge of Misses Marie, Winnie and Anna Zimmers, Rose and Catharine Pryzelnski and Pearl Doty. Pallbearers were John Johnson, John Knox, George Johnson, Archie Mowry, Claude Lawrence and Harry Cole. Interment was in Mt. Zion cemetery.

JOHN GRASS.

Funeral services for John Grass will be held in the family residence, 534 East Leafland at 4 o'clock Friday afternoon by Dunham Post, No. 141, G. A. R. Members of Chevalier Bayard lodge, K. of P., and the G. A. R. will attend in bodies. The coroner's jury in the inquest over Mr. Grass found that he had taken his life by crawling underneath a moving car.

MRS. HARVEY STEARNS.

The funeral of Mrs. Harvey Stearns will be held Saturday afternoon at 2 o'clock. It will be private.

GEORGE COLE.

The funeral services of George Cole will be held at 4 o'clock Friday afternoon in the home of his daughter, Mrs. E. T. Livesay, 148 Summit avenue. Rev. F. A. Davighurst will officiate. I. O. O. F. member 05 will take part in the services. The burial will be at Greenwood.

TWELVE MEN GET CHECKS FOR $500

Mueller Company Makes Annual Distribution.

WILL BE NO PICNIC

Ball Game and Half Holiday Saturday.

20-YEAR MEN

Otis Hoffhelm.
Jacob Koons.
Lewis Fagan.
William Burgess.
Roy Hughes.
T. S. Friend.
William Hill.
William Schudzlara.
Harry Fornwalt.
John Kusch.
William Bain.
W. P. Deverell.

"For twenty years when I got up and put on my clothes, I've known that I had a job awaiting me at Mueller's," said William Hill. "I've never had to worry about a job in twenty years and that's a good deal for a working man to say. And I want to thank the company that has made this possible, and now gives me $500 as a reward."

Mr. Hill was one of the twelve men who received a check for $500 from the Mueller Mfg. Co., Friday noon for twenty years continuous loyal and faithful service.

EACH RECEIVED PIN.

In addition to $500 each man received a handsome gold emblematic pin, beautifully enameled.

The custom of thus rewarding employes for twenty years faithful service was inaugurated at the Golden Anniversary picnic of the company which was held at Mechanicsburg in the fall of 1907. A total of forty-one men have now received this reward.

AT THE CLUB HOUSE.

The exercises this year were held at the club house, Friday noon, where the factory employes eat their lunch. The presentation of the checks was made by Adolph Mueller, president of the company, who spoke briefly of the desire of the company to deal fairly with their employes. He recognized the disturbed conditions in Decatur but added that "we have no monopoly on this because it is everywhere."

However he was optomistic of better times and better feelings prevailing. He felt sure that employers generally were willing to do everything that they could do concede to working men in so far as business limitations would permit.

Nearly all of the employes receiving checks briefly expressed their thanks.

NO PICNIC.

The employes of the H. Mueller Mfg. Co., will not hold a picnic at Fairview Park tomorrow, as has been previously announced. These events are unavoidably attended by extra expense to each individual by reason of special preparations which seem necessary, and it was therefore thought advisable under existing circumstances to pass up the picnic this year.

The company itself has never been at an expense of less than $500 for these annual events. The directors decided that so long as no picnic was to be held they would donate the sum of $500 to their Employes' Aid society, which has been done. This action meets with the approval of all. It means that more real good will result from the donation than if a like sum had been expended on a day of pleasure.

BALL GAME.

Saturday afternoon two Mueller ball teams will do battle on the Fairview diamond, and many of the employes will be present to root, as it is a half holiday in the factory. A Thirty Dollar purse and a good deal of rivalry promise to develop a red hot game. Play will be called at 3:30 o'clock.

TO PAY MILITIA AT $2 PER DAY

Attorney General Makes Ruling on Question.

Attorney General Edward J. Brundage has decided that members of the Illinois reserve militia who served on riot duty at Chicago recently are entitled to receive $2 per day for their services. While the soldiers were on duty the question arose as to whether the amount of pay extended on the payrolls should be $1 or $2. The question was referred to State Auditor Russel who put it up to the legal department. The decision is based upon the fact that the men while on riot duty were not serving merely in the capacity of reserva militia but as members of the state guard and therefor entitled to pay at the rate of $2 per day for privates and the regular pay of their rank of officers.

BLOCK ACTION ON FOOD CONTROL ACT

Washington, Aug. 15.—Action on amendments to the food control act suggested by Attorney General Palmer as a means of reducing the high cost of living was blocked in the Senate Agriculture committee today Chairman Gronna hopes the committee will act finally Tuesday.

THOUGHT HUSBAND DEAD; REMARRIED

Florence Cook is Charged With Bigamy.

RETURNS FROM WAR

Walter Cook Finds Wife Married Again.

Sheriff Mont Penwell returned Friday morning from Purdy, Mo., bringing with him Florence Cook, on a charge of bigamy. According to her first husband, Walter Cook, who had the warrant issued, they were married in Vermillion county in 1917. Then he went away to war and when he returned, she had married William Davidson, a returned soldier at Lincoln, Ill., on May 28, 1919. He found them on a farm in the south part of Macon county.

When the sheriff's force went to the place to arrest the woman, however, the couple had just left, saying they were going to visit Davidson's folks in Missouri. The woman claims that Cook had left her before he joined the army and although they were not divorced, she had understood he had been killed, so she married Davidson, not intending to violate any law.

$500 MESH BAG BACK TO OWNER

St. Louis Woman Refuses to Prosecute and Name Withheld.

Things happen in the best of regulated families. Thereby hangs a local story. Friday morning a reward of $50 was offered for the return of a gold mesh bag taken from the women's toilet room on the first floor of a local hotel. It bore the name of "Eliz Burkham, St. Louis, Mo."

The owner was touring in a fine big limousine and is reputed to be worth a million down in St. Louis. They were passing through Decatur and the owner had stepped into the hotel, set down the bag, and then walked away, forgetting it. When she went back, it was gone.

MESH BAG APPEARS.

Friday morning, a young man brought the mesh bag and wanted the reward. The police were called in and when closely questioned, the young man admitted its being stolen or rather "picked up" by some women members of his family. There was just one little trinket of value in the bag that did not come back, however, and the young man said he believed his aunt had it and that she was already on the way to Missouri. He was told what might happen to the whole family if that trinket wasn't returned, and strangely it was returned in a very short time.

But the surprising part of it all was the prominence of the people who took the mesh bag. The owner didn't care to prosecute and the police do not believe the names should be made public because members of the family have always been good reliable citizens, of unquestionable and honest character, highly respected. The young man holds quite a good position which he would undoubtedly lose. It is not though they have ever done anything like this before in their lives and it is pretty safe to say that after this experience, it will never happen again. Mrs. Burkham said she valued the mesh bag at $500. It was studded with diamonds.

EARLIER HOURS AT LABOR BUREAU

Office Will Open at 7:30 and Close at 4:15 After Sunday.

Dan Dinneen, who is in charge of the local state free employment office, has decided to change the working hours of the office and commencing next Monday, the office will open at 7:30 a. m. and close at 4:15 p. m. This is opening earlier by one hour and closing a little earlier. The reason for the change is that the bulk of the business of the office is done right at the start in the morning and during the afternoon, there is almost no business at all.

MINERS TO MEET AGAIN TONIGHT

Will Consider Sending Delegate to Springfield.

Decatur miners belonging to Local No. 781, will have another special meeting at 7 o'clock Friday night in Ryan and Higgins hall to consider sending a delegate to the special convention in Springfield next Tuesday. This convention is not one called by state officials but is called by the same men that called the Belleville meeting last Wednesday and it is rather understood here that next Tuesday, several things will come up relative to investigation of state officers.

Joseph Connolly, who was the delegate from No. 781 to Belleville Wednesday, has returned and made a report at a special meeting held Thursday night.

News from the Sick

Mrs. Katherine Duncan, 1504 East Prairie avenue, who has been confined to her home several weeks with rheumatism, is better now and is able to be up and about the house.

William Inman was removed from his home at 923 West King street Thursday afternoon in the Brintlinger ambulance to St. Mary's hospital. He is suffering from an attack of pneumonia. According to a report Friday morning he was resting well.

J. W. Pope, 422 East Grand avenue, who was removed to the Macon county hospital Wednesday in a serious condition, is somewhat improved. His father, Richard Pope, returned to his home in Pana Friday.

Scraps of News

NO RUSH.

The I. T. S. ticket offices here report that as usual, there is no extra traffic to Springfield for the first few days of the state fair. They expect the usual rush beginning about next Tuesday, however.

IMPROVE.

Ruby Busick of Bement, whose skull was fractured in an automobile accident near Bement Wednesday night, is much better. She is at the Decatur and Macon county hospital and is expected to recover from her severe injuries.

HIP BROKEN

W. L. Martin of Arthur, blacksmith at that place, was brought to St. Mary's hospital Friday morning in Wikoff's ambulance, suffering with a broken hip. The accident occurred Thursday while Mr. Martin was shoeing a horse. The animal lunged, throwing Mr. Martin and causing the injury.

FALSE ALARM.

The fire department answered a false alarm to box 58 at East William and East avenue about 11 o'clock Friday morning. Some boy had pulled the box but the firemen were unable to find out who it was.

CONTINUED.

The case of the city versus Frank Post, charged with violating the city traffic regulations on Merchant one Saturday night recently, was again continued in Justice H. C. Noble's court Friday morning until next Tuesday morning, due to the absence of Attorney F. R. Wiley from the city. Attorney Wiley represents the defendant.

WORKMAN HURT.

W. P. Singh, a workman at the Interurban car shops northeast of Decatur, fell from a freight car there Friday morning and was rather badly shaken up and bruised. He was taken to St. Mary's hospital but the physicians do not think that he is seriously injured.

STRIKING MINERS FOR BIG UNION

Farrington Explains Why Disturbers Are Out.

Springfield, Aug. 15.—Insurgent Illinois miners, now on strike, are fostering the "one big union" movement which originated in Canada, Frank Farrington, state miners' president, said today.

"At present," said Mr. Farrington, "the rebellion is confined to the Belleville, Springfield and Peoria districts. All the mines elsewhere in the state are working and I am satisfied that the overwhelming majority of our members will continue to do so."

The call for the state convention of those miners who have revolted against constituted authority, set for next Tuesday in Springfield, was sent out to every local by Lawrence Lamb, chairman of the strikers' policy committee of the Springfield sub-district.

President Farrington reiterated today his statement that the convention would be unauthorized and without authority. The announced purpose of the strike leaders is to ask a revised wage scale and to revise the constitution.

"I think the majority of our members are beginning to understand that the present disturbed condition is created by emissaries of the Socialist Labor party and the I. W. W.'s who hope to wreck the United Mine Workers of America and establish in its stead the so-called "one big union," Farrington said today.

BETHANY MAN PAYS $107,800 FOR FARM

Pana, Aug. 15.—One of the largest land deals that has been closed in Pana township in years past was one which has just been made between T. H. Crowder, of Bethany, and Mrs. Mary Currier of Springfield in which Mr. Crowder becomes the owner of the well known Priest farm, four miles north of Pana consisting of a section, 640 acres of land for which Mr. Crowder paid $175 an acre, or a total of $107,800.

The land for a number of years was farmed extensively by the late Pat Cullen, and later was operated for two or three years by Edward Dixon, now retired and a resident of Pana. The present occupants are the Russell brothers, former residents of Assumption township.

The land is considered as being a fair sample of Pana township farms. The improvements are fairly good and the dwelling house on the farm is in fair condition, notwithstanding the fact that it is one of the old land marks of Pana township.

The house was built as early as 1866 by Frank Priest, formerly mayor of Decatur, who owned it for a number of years. Years ago the farm contained a large acreage of peach trees and many of the older residents will remember when the season was on and packing began how many fine baskets of peaches were carried to Pana by the residents who were not charged a cent for them. The orchard is now extinct.

Home From Vacation.

Rev. William Heyne and wife are expected to arrive in Decatur from St. Louis late Friday afternoon. They have been enjoying a month's vacation in the west. When they left Decatur they went to Lake Creek, Mo., where Rev. Heyne had his first charge. From there they went to Denver and spent several weeks with his son, Hugo, who is teaching school in Denver. They are returning from Seward, Neb., where they have been visiting Prof. J. E. Links, who formerly taught in the Decatur schools.

Births

To Mr. and Mrs. Arthur Cook, R. R. 7, Decatur Friday, Aug. 15, a daughter, at the Decatur and Macon county hospital.

HOUSE SHORTAGE HURTS MILLIKIN

Two Professors Available Will Not Come.

BOTH HAVE FAMILIES

Officials Greatly Embarrassed by Conditions.

The shortage of moderate sized modern houses in Decatur is causing embarrassment to the administration officers at Millikin university because of their inability to tell men whom they are trying to secure for faculty positions here, where they can live if they do accept the positions offered.

It really has caused much trouble and will undoubtedly be the reason that some of the men who would be available for positions on the faculty will not come to this city this winter. Those are the men who have families and who cannot merely take a room as the single men can.

MUST HAVE HOME.

A particularly desirable man who is now located in the state of Washington and another living as close as Urbana do not see how they can consider positions open to them at Millikin unless they can secure homes here.

Letters were sent out Thursday to the girls who have written to Millikin asking for dormitory accommodations, but who were put on the waiting list because of the fact that Aston Hall had been filled, asking them if they would accept rooms in Kaeuper hall if the rooms would be prepared for them. It is expected that answers will be received within a few days and if enough indicate a willingness to take dormitory facilities in the music building the rooms will be prepared for them.

NO MORE ARMS FOR MEXICO

Washington, Aug. 15—The Carranza government will not be permitted to import further arms and munitions from the United States, for the present at least. This became known today following the publication of the exchange of notes between the United States and Mexico, in which the American government threatened a change of policy unless Americans in Mexico were adequately protected.

Shipments of munitions into Mexico has been prohibited since the United States entered the war, but before that time Carranza had purchased large supplies in this country and it has been the policy to let these go through in comparatively small lots.

There was no indication today that the government contemplated any further immediate change in its Mexican policy.
